Geneva, 29 June-8 July 2020

Item 8 of the provisional agenda

Cooperation with the International Atomic Energy Agency**References to the IAEA Regulations for the Safe Transport of
Radioactive Material****Note by the secretariat*****Background**

1. During the fifty-sixth session of the Sub-Committee of Experts on the Transport of Dangerous Goods, informal document INF.45 could not be discussed due to lack of time and the Sub-Committee requested the secretariat to submit an official document for the fifty-seventh session. Below is an updated proposal based on INF.45.

Introduction

2. The Joint Meeting of the RID Committee of Experts and the Working Party on the Transport of Dangerous Goods of the United Nations Economic Commission for Europe met in Geneva from 17 to 26 September 2019.

3. At that session, the Joint Meeting adopted amendments to harmonise and clarify the references to the IAEA Regulations for the Safe Transport of Radioactive Material throughout RID/ADR/ADN. The proposed amendments were prepared by the secretariat after consultations with the delegation from Germany and with IAEA.

4. It was noted that the IAEA Regulations have changed their specific name several times as new editions have been published and that these names were not always used in a consistent manner throughout RID/ADR/ADN and the Model Regulations. The specific names are:

- (a) For the 1985, 1985 (as amended 1990) editions: IAEA Safety Series No. 6
- (b) For the 1996 edition: IAEA Safety Series No. ST-1
- (c) For the 1996 (revised) edition: IAEA Safety Series No. TS-R-1 (ST-1, Revised)

* 2020 (A/74/6 (Sect.20) and Supplementary, Subprogramme 2

- (d) For the 1996 (as amended 2003), 2005, 2009 editions: IAEA Safety Standards Series No. TS-R-1
- (e) For the 2012 edition: IAEA Safety Standards Series No. SSR-6
- (f) For the 2018 edition: IAEA Safety Standards Series No. SSR-6 (Rev.1).

5. The amendments adopted by the Joint Meeting consisted in replacing the corresponding references with a reference to the proper annual edition of the IAEA Regulations for the Safe Transport of Radioactive Material without specifying the corresponding code and to list the different codes in a definition in 1.2.1.

6. The Sub-Committee may wish to adopt the same approach for the Model Regulations, as detailed in the proposal below.

Proposal

1.2.1 Add a new definition to read as follows:

“*IAEA Regulations for the Safe Transport of Radioactive Material*” means one of the editions of those Regulations, as follows:

- (b) For the 1996 edition: IAEA Safety Series No. ST-1
- (c) For the 1996 (revised) edition: IAEA Safety Series No. TS-R-1 (ST-1, Revised)
- (d) For the 1996 (as amended 2003), 2005, 2009 editions: IAEA Safety Standards Series No. TS-R-1

In the “Table of correspondence between paragraph numbers in the IAEA regulations...” delete “SSR-6 (Rev.1)” and in the heading row of the table, replace “SSR-6” by “IAEA regulations (2018 edition)”.

Other matters related to the IAEA Regulations

Reference to the 1973 and 1973 (as amended) editions in 6.4.24.3

7. The Joint Meeting noted that in the twenty-first revised edition of the Model Regulations, the reference to the 1973 and 1973 (as amended) editions of the IAEA Regulations for the Safe Transport of Radioactive Material was deleted in the heading above 6.4.24.2 and in 6.4.24.2, but not in 6.4.24.3. The Joint Meeting also noted that this text was transposed from the 2018 edition of the IAEA Regulations for the Safe Transport of Radioactive Material, where the reference to the 1973 and 1973 (as amended) editions had been removed in all 3 instances. Consequently, the Joint Meeting decided to remove the reference from 6.4.24.3.

8. The Sub-Committee may therefore wish to adopt the following correction to the twenty-first revised edition of the Model Regulations.
