Proposal for amendments to ECE/TRANS/WP.29/2019/120

I. Proposal

Paragraph 6.3.3.(g), amend to read:
“(g) Excessive visual visible smoke emission;

Paragraph 6.4.2.4.(s), amend to read:
“(g) Visual visible smoke emission, black soot deposit in the exhaust pipe (for vehicles equipped with a particulate filter) or unobtrusive drive-by emissions measurement;

Paragraph 6.5.3.(a), amend to read:
“(a) Vehicles identified as gross polluters by means of remote sensing techniques, or emitting excessive visual visible smoke or black soot deposit in the exhaust pipe (for vehicles equipped with a particulate filter);

II. Justification

If a particulate filter is defective and/or has been removed, soot deposit are likely to appear on the exhaust pipe, highlighting a potential problem with the particulate filter.
