

**Elements of input by Mr. Takeshi KAMIYAMA, Deputy Chief of Mission, Minister,
Embassy of Japan, on the occasion of the Conference on
Financing development of road and rail transport infrastructures**

17 November 2010

1. The latest EEF process focused on “Promoting good governance at border crossings, improving the security of land transportation and facilitating international transport by road and rail in the OSCE region.”
2. Significance of the follow-up of the 18th EEF
 - a. The goal of the latest EEF process has yet to be reached.
 - b. Future orientation of the Second Dimension is under way.
 - c. The OSCE’s role to play needs to be identified.
3. Japanese perspective (Review)
 - a. Food-for-Thought for a practical approach in Land Transport (10 March 2010) (PC.DEL/146/10)
 - b. Intervention by the representative of Japan at the 18th EEF in Prague (24-26 May 2010) (EEF.GAL/10/10/Corr.1, page 25)
4. Some thoughts for the way forward
 - a. Presentation by a Japanese expert in the optic fiber technology on 10 November 2010 at EEC (JTEC: Japan Telecommunications Engineering Consulting Service)
 - b. Organisation by the OCEEA of a technical-level conference as a follow-up of the above-mentioned presentation.
