Paragraphs 7.1. to 7.4., amend to read:

- "7.1. Every modification to an existing type of device for indirect vision including its connection to the bodywork shall be notified to the administrative department which approved the type of device for indirect vision. The administrative department shall then either:
- (a) Decide, in consultation with the manufacturer, that a new type-approval is to be granted, or
 - (b) Apply the procedure contained in paragraph 7.1.1. (Revision) and, if applicable, the procedure contained in paragraph 7.1.2. (Extension).

- In such a case, the administrative department shall issue the revised pages of the information folder as necessary, marking each revised page to show clearly the nature of the modification and the date of re-issue. A consolidated, updated version of the information folder, accompanied by a detailed description of the modification, shall be deemed to meet this requirement.

 - (b) Any information on the communication document (with the exception of its attachments) has changed, or
 - (c) Approval to a later series of amendments is requested after its entry into force.
- 7.2. Confirmation or refusal of approval, specifying the alterations shall be communicated by the procedure specified in paragraph 5.3. above to the Parties to the Agreement which apply this Regulation. In addition, the index to the information package, attached to the communication document, shall be amended accordingly to show the date of the most recent revision or extension.
- 7.3. (Reserved)
