Paragraph 2.8.8., amend to read:

"2.8.8. "Guide strap" means a strap or device which constrains the shoulder strap of the adult seat belt in a position to suit the child and where the effective position at which the shoulder strap changes direction can be adjusted by means of a device which can be moved up and down the strap to locate the wearer's shoulder, and then locked into that position. This guide strap is not meant to carry a significant part of the dynamic load. A guide strap is considered as a part of a child restraint system and cannot be separately approved as a child restraint system under this Regulation."

Insert a new paragraph 4.9., to read:

"4.9. Marking of a booster cushion without backrest.

If the product is a booster cushion without backrest, the following label shall be permanently visible to someone installing the restraint in a vehicle and shall be masked when the booster cushion is used with its removable backrest :

"

Insert a new paragraph 6.1.13., to read:

"6.1.13. Booster cushion without backrest shall only be type approved as Child Restraint Systems of Group III as defined in paragraph 2.1.1.5. of this Regulation. (Mass range from 22 kg to 36 kg)."
