Prof Dr Chryssy POTSIU is teaching Cadastre and Land Management, Spatial Information Management, and Real Estate Valuation at the National Technical University of Athens, Greece, since 2005.

Experience: Chryssy Potsiou has served as a member of the board of directors at HEMCO (Hellenic Mapping and Cartographic Organization) and at the Hellenic Cadaster, the agency responsible for the implementation of the Hellenic Cadastre. She was elected as a Member of the Management Board of the Hellenic Association of Rural and Surveying Engineers (HARSE) and has served as an elected member of the Management Board of the Hellenic Society for Photogrammetry and Remote Sensing. As a consultant for the World Bank, she cooperated in the compilation of research studies in the field of land management, especially in the formalization of property rights in informal settlements and the registration of informal constructions into the cadastral systems. She has built experience in various UNECE and Eastern Europe and Central Asia (ECA) countries, such as Kyrgyzstan, North Macedonia, Kosovo, Montenegro, Greece, Italy, Israel, Cyprus and Albania. Through the above-mentioned cooperation, she has accomplished international research and published several UN/FIG publications. She has been a UNECE WPLA bureau member for 20 years (2001-2021). She has been the President of the International Federation of Surveyors (2015-2018) and, in the period 2019-2021, she served as Vice Chair of the UNECE Working Party on Land Administration (WPLA). She has published more than 140 peer-reviewed publications in conference proceedings or scientific journals, as well as another 130 presentations in scientific conferences or papers in professional journals.

She is an Advisory Board member in the UNGGIM Academic Network for the period 2023-2024. She currently supervises five PhD theses at NTUA.
