UNECE RESOURCE MANAGEMENT WEEK 2024
ASSURING SUSTAINABILITY IN RESOURCE MANAGEMENT
22 - 26 APRIL 2024 | PALAIS DES NATIONS | GENEVA

Funded by
the European Union

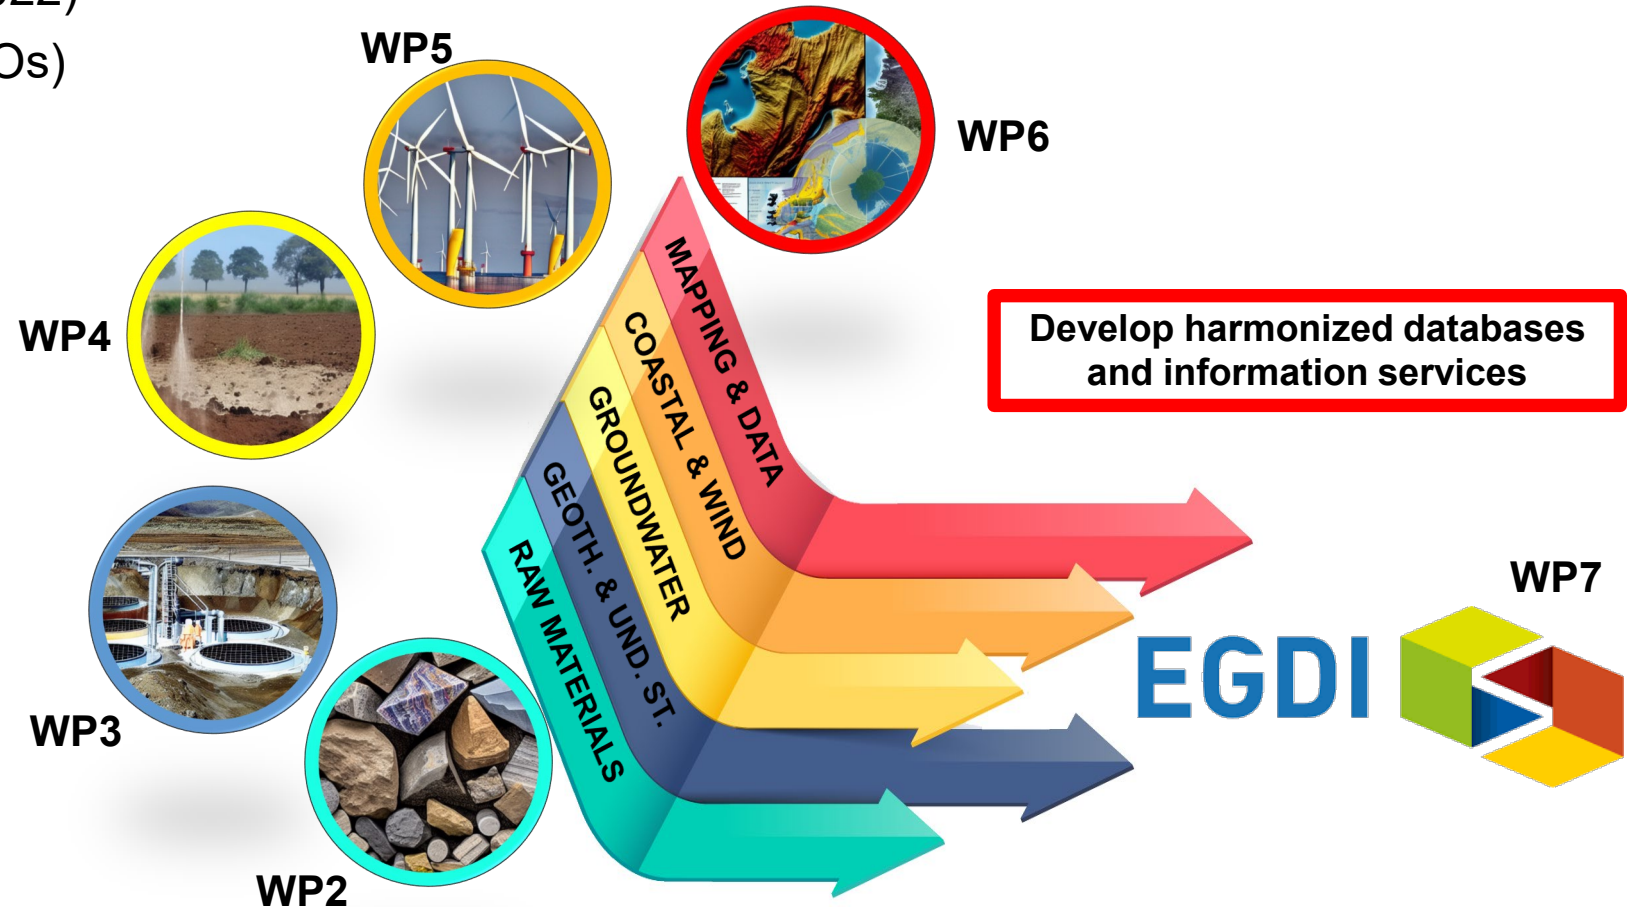

Overview of the GSEU – Geological Service for Europe project

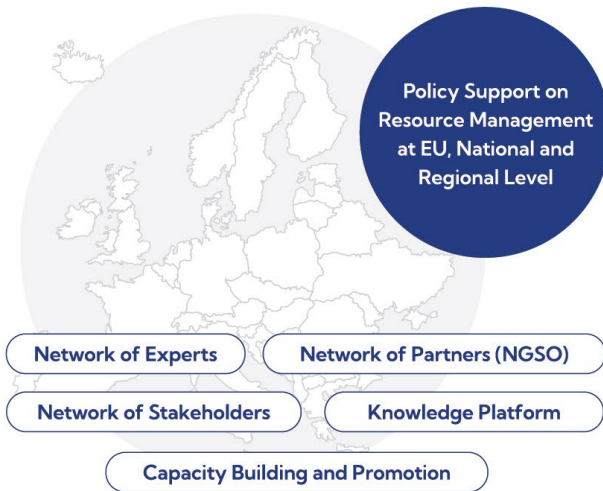

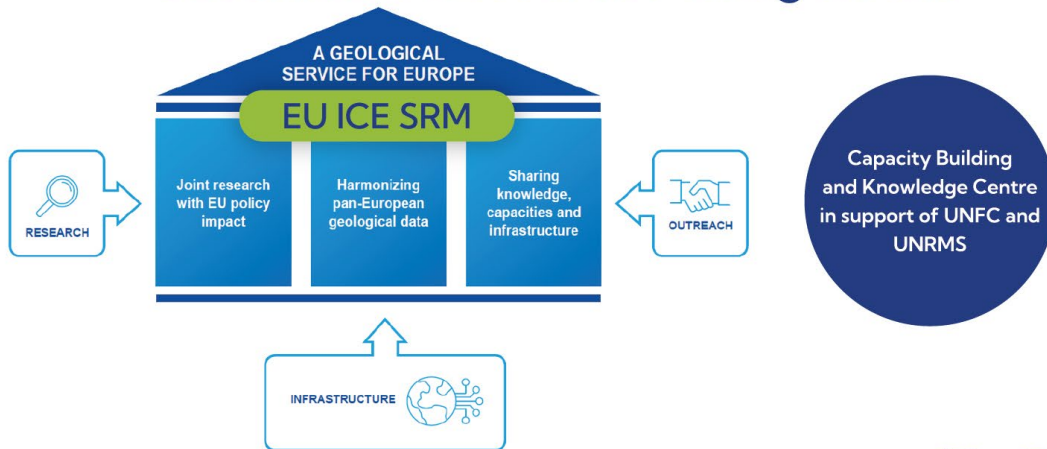

- Coordinated by EuroGeoSurveys
- 5 years (starting in Sept. 2022)
- 50 partners (European NGOs)

Main objectives of GSEU

- Establish a Geological Service for Europe, permanent collaborative network of European GSOs.
- Provide European institutions, enterprises, and citizens with high-quality geoscientific expertise and data, aggregated at the EU-level.

UNFC in European GSOs – a baseline assessment

National/regional legislative background for classification of primary raw materials

- 20 out of 28 countries (71%) have national/regional legislative background for classification of PRM;
- A majority of countries is legally bound to classify PRM;

Applied reporting standards or classification systems

- National systems are used in most cases;
- Only two countries use UNFC as legal classification tool;

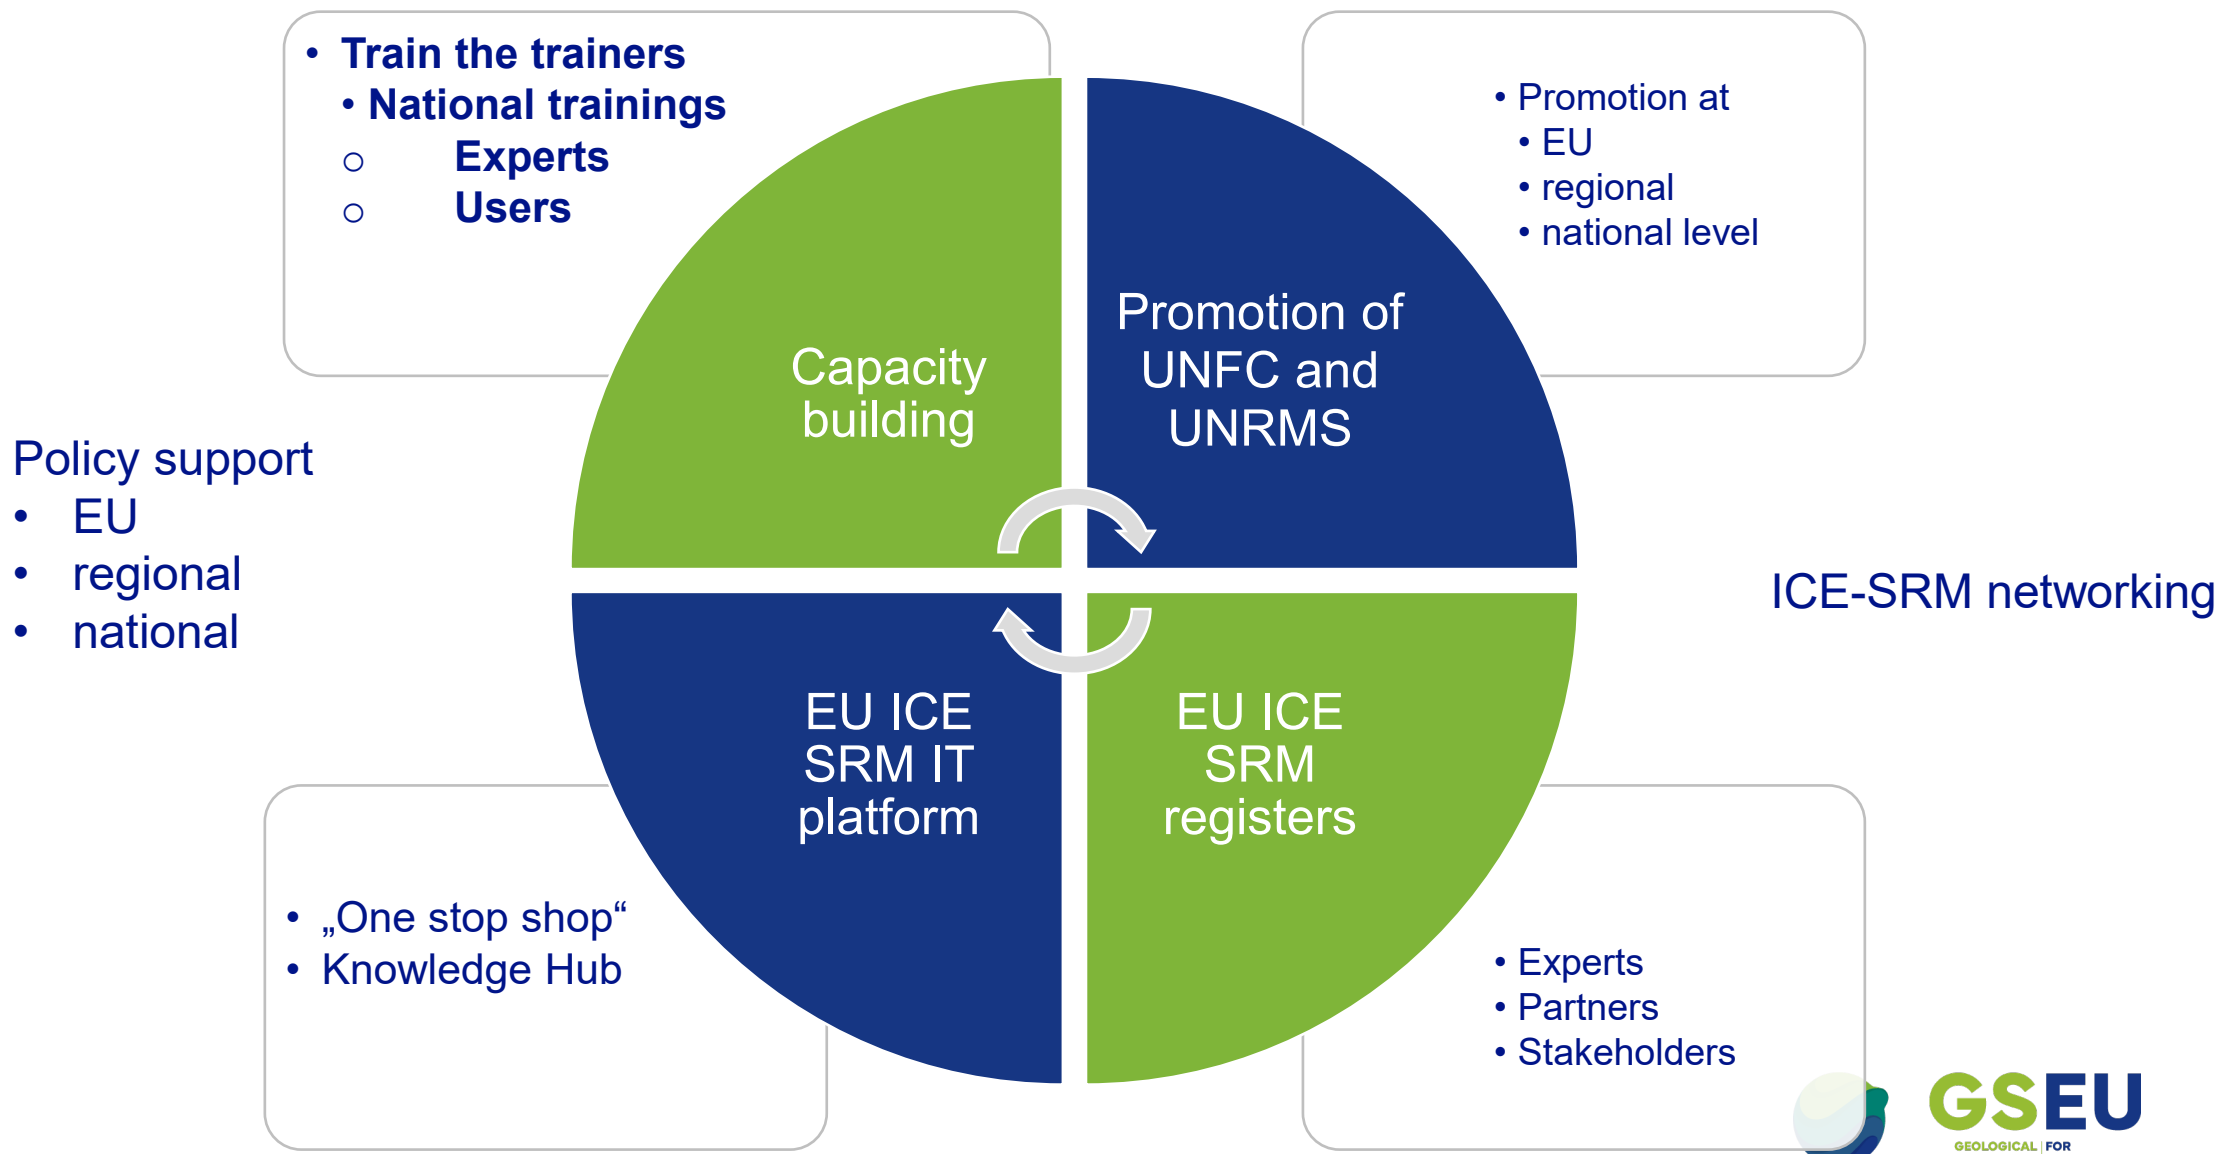

UNFC in EU – Questionnaire results

*Did your organization experts organize **UNFC trainings** (internal or external) or participated in UNFC trainings organized by UNECE?*

- Small number of experts identified.
- Very few experts held UNFC trainings.
- Some more participated at trainings on different levels.

First activities of the EU ICE SRM in respond to what is needed

EU ICE SRM future work

Capacity building

- Train the trainers

EU ICE SRM IT Platform

EU ICE SRM organization

UNFC and UNRMS promotion

Coordination

- UNECE
- EC
- relevant projects

Networking

- partners
- other ICE SRM
- stakeholders

Establishment of the EU ICE SRM
