

List of the Ukrainian specialists for the contacts on the questions of influencing deep-water navigation route on an environment, taken away for consideration external experts attracted by Inquiry Commission

Question	Information about experts
<p>1. Program and results of the complex ecological monitoring of environment at renewal of deep-water navigation route Danube – the Black sea</p>	<p>Vasenko Alexander G. Scientific Director of the Ukrainian Scientific Research institute of Ecological Problems, leader of works from the complex ecological monitoring, Ph.D. (Biolog.Sc.). e-mail vasenko@rpmc.com.ua tel/fax:+38(057)702-16-06;+38(0572)58-64-18</p>
<p>2. Environment Assessment</p>	<p>Anischenko Ludmila Ya. Head of Laboratory of Engineering Ecology of Water Bodies, EIA and Ecological Expertize of the Ukrainian Scientific Research institute of Ecological Problems, Ph.D. (Techn.Sc.), Assist. Prof. e-mail: sbs@niiep.kharkov.ua tel/fax:+38(057)702-15-82</p>
<p>3. Project's parameters of deep-water navigation route</p>	<p>Kerousenco Vladimir I. director of association with the limited liability (LTD.) „RICHTRANSPROECT” e-mail: rechtrans@ukr.net; fax: +38(044)417-34-08, tel. +38(044)417-32-05; (8044)417-34-02 Golovina Iraida A. main engineer of project e-mail: golovina_rtp@ukr.net tel. +38(044)417-84-91</p>
<p>4. Exploitation of deep-water navigation route</p>	<p>Sizov Costyantyn I. Scientific Director of the State enterprise (DELTA-PILOT) e-mail: delta@pilot.ua fax: +38(0512) 500-998; tel. +38(0512) 500-902; +38(0512) 500-904; +38(0512) 470-770; Shevchenko Igor A. engineer of service of technical exploitation of deep-water navigation route e-mail: sea@pilot.ua; tel. +38(0512) 500-952</p>
<p>5. Changes in the discharge of water, sediments and attached and soluble contaminants/pollution, from</p>	<p>Morozov Victor N. director of Danube, hydrological meteorological laboratory, Ph.D. (Geogr.Sc.). e-mail: dhmo@te.net.ua;</p>

<p>the river mouth into the coastal waters and the southward transport long the coast</p>	<p>tel/fax: +38(04841)4-51-39</p>
<p>7. Delivery of sediment and attached or dissolved contaminants-pollution from the dump site in the sea towards the coastal waters and the net southward flow</p>	<p>Vasenko Alexander G. Scientific Director of the Ukrainian Scientific Research institute of Ecological Problems, Ph.D. (Biolog.Sc.). e-mail vasenko@rPMC.com.ua tel/fax:+38(057)702-16-06;+38(0572)58-64-18</p> <p>Cresin Vladimir S. Head of laboratory of gidrofizical processes of forming of quality and measures on the guard of sea waters of the Ukrainian Scientific Research institute of Ecological Problems, Ph.D. (Techn.Sc.).</p>
<p>8. Effects of the dredging and shipping in the Bystroe Canal on (migratory) birds, habitat in the Canal and adjacent areas (nesting, feeding, shelter)</p>	<p>Gmoud Mihaylo E. senior research worker of The Ukrainian Danube Delta Biosphere Reserve), Ph.D. (Biolog.Sc.). e-mail: reserve@it.odessa.ua phone/fax: + 38 (04843) 4-46-19, + 38 (04843) 3-11-95</p>
<p>9. Effects of the dredging in the Bystroe Canal on (migratory) fish</p>	<p>Boushouev Sergey G. director of the Odessa center of the South research institute of marine fish economy and oceanography (PivdenNIRO), Ph.D. (Biolog.Sc.). e-mail: jugniro@tekom.odessa.ua tel./fax: + 38 (048) 731-04-24</p>
