Agenda item 4

INTERPRETATION OF ADR

5.4.3.4 Additional information on the instructions in writing

Transmitted by the Government of Sweden

The requirement in sub-section 5.4.3.4 (which will entry into force on 1 January 2009) states that the instructions in writing shall correspond to the four page model as regards its form and contents. The question has arisen whether it is possible to add information on the first page, e.g telephone numbers to the appropriate emergency services.

The Government of Sweden would like to hear the other countries' opinions on this matter.
