agenda item 3(a))

**INDIA'S COMMENTS ON NEW PROPOSAL FOR ECE R 37 VIDE
ECE/TRANS/WP.29/GRE/2008/39**

India agrees for the amendments suggested by GTB in ECE/TRANS/WP.29/GRE/2008/39 for the introduction of new filament lamps H10W and HY10W. India also suggest for introduction of filament lamp HR10W along with H10W and HY10W.

Justification:

The filament lamp suggested by India can be widely used in stop lamp and rear position lamp functions in the case of 2 and 3 wheelers. India will find this category of filament lamps very useful, as India is one of the largest 2 & 3 wheelers.
