

REGULATION No. 48

Proposal for draft amendments to Regulation No. 48

A. PROPOSAL

Paragraph 6.13.1. amend to read:

“6.13.1. Presence

Devices of **A or AM categories (visible from the front), and devices of R, R1, R2, RM1 or RM2 Categories (visible from the rear)**: Mandatory on vehicles exceeding 2.10 m in width. Optional on vehicles between 1.80 and 2.10 m in width. On chassis-cabs the rear end-outline marker lamps are optional.”

B. JUSTIFICATION

This proposal aims at insuring consistency between Reg. n°7 and Reg. n°48 as regards end-outline marker lamps geometric visibility.

A combined proposal introduce new categories of lamps in Reg. n°7 (AM for front end-outline marker lamps, RM1 and RM2 for rear end-outline marker lamps), with a geometric visibility consistent with Reg. n°48.

This proposal refers to the new categories of lamps, and introduces also an editorial correction in order to mention category A lamps as possible lamps for front end-outline marker lamps.
