22. The Working Party may wish to recall that, at its twentieth session in September 2007, it had approved expected accomplishments related to its area of work together with indicators of achievement for its activities in 2008 and 2009 (ECE/TRANS/WP.5/42, para. 23). The Working Party may wish to evaluate its accomplishments and indicators of achievement during this period and review whether they are still appropriate to be used for 2010-2011. In this context, the Working Party may also wish to review its programme

of work for the period 2010 to 2014 and transmit its proposals to the Inland Transport Committee for decision at its forthcoming session (23-25 February 2010).

23. To facilitate discussions, the secretariat has prepared a document that describes the mandated evaluation process and proposes a mechanism for an effective evaluation of WP.5 activities in 2010 and 2011 (ECE/ TRANS/WP.5/2009/6). The document also contains proposals for updating the present programme of work of the Working Party.
