#### Working Party on Brakes and Running Gear

#### Seventy-fifth session

Geneva, 17-19 September 2013

Item 7(c) of the provisional agenda

#### Tyres – Other business

## **Proposal for amendments to Regulation No. 106 (Tyres for agricultural vehicles)**

### **Submitted by the European Tyre and Rim Technical Organisation\***

The text reproduced below was prepared by the expert from the European Tyre and Rim Technical Organisation (ETRTO). It is based on GRRF-74-03. Modifications to the existing text of the Regulation are marked in bold for new or strikethrough for deleted characters.

---

\* In accordance with the programme of work of the Inland Transport Committee for 2010–2014 (ECE/TRANS/208, para. 106, ECE/TRANS/2010/8, programme activity 02.4), the World Forum will develop, harmonize and update Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

## I. Proposal

*Paragraph 3, amend to read:*

- "3. Markings
- 3.1. Tyres shall bear:
- ...
- 3.1.4.1. in the case of implement tyre, the service description ~~must be~~ supplemented with the relevant application symbol;
- 3.1.4.2. in the case of implement tyre for mixed applications, ~~the tyre must be marked with~~ two service descriptions one for "trailer" applications and the other for "traction"
- ...
- 3.1.12. The inscription "IF" ~~shall be added~~ in front of the tyre-size designation when the tyre is "Improved Flexion Tyre".
- The inscription "VF" ~~shall be added~~ in front of the tyre-size designation when the tyre is "Very High Flexion Tyre".
- 3.1.13. The inscriptions "CFO" or "CHO", if applicable, ~~may be marked~~ after the nominal rim diameter."

## II. Justification

The proposal clarifies the marking provisions by deleting redundancy. Furthermore, the word "shall" in paragraph 3.1. ensures a clear definition of the mandatory tyre marking specifications.
