

Proposal for Corrigendum 6 to Revision 3 of Regulation No. 43 (Safety glazing)

The text reproduced below was prepared by the experts from France. It proposes a corrigendum to UN Regulation No. 43 only for the French translation of the definition on plastic glazing and for both languages in case of the communication appendix on laminated-glass windscreens. The modifications to the current text of UN Regulation No. 43 are marked in bold for new characters and strikethrough for deleted characters.
