

**UNECE**

# Benchmarking Transport Infrastructure Construction Costs

Group of Experts  
Status presentation

September 2017

# Scope of work

- Identify models, methodologies, tool and good practices for evaluating, calculating and analysing inland transport infrastructure costs
- Identify and list terminologies used in UNECE region for construction costs of inland transport infrastructure and in possible create a glossary of agreed terminologies and related explanations
- Collect and analyse data in order to prepare a benchmarking of transport infrastructure costs along ECE region for road, rail, inland waterways, intermodal terminals, logistic centres and ports

# Way of work

- Governments
  - Sub-groups
    - Roads
      - Leader: Turkey
    - Rails
      - Leader: tbd
    - IWW
      - Leader: tbd
    - Intermodal terminal/Logistics centers
      - Leader: Europlatforms EEIG and Turkey
    - Ports
      - Leader: tbd
- Secretariat
- Islamic Bank of Development consultant
- Working Parties and groups of experts within UNECE

# Outputs

- Roads:
  - Terminology: approved
  - Questionnaire: approved
- Intermodal terminals/logistic centres:
  - Terminology: on preparation up to October 2017
  - Questionnaire: on preparation up to October 2017
- Rails, IWW, Ports:
  - Working on support from Governments to lead subgroups
