ICAO's Strategic Objectives

www.icao.int/about-icao/aviation-development/Pages/SDG

ICAO and the United Nations Sustainable Development Goals

ICAO's Strategic Objectives are strongly linked to 15 of the 17 United Nations Sustainable Development Goals (SDGs). The Organization is fully committed to work in close cooperation with States and other UN Bodies to support related targets.

ICAO is also an official observer on the Inter-agency and Expert Group on Sustainable Development Goal indicators and is the custodian agency of global indicator 9.2.2 (Passenger and Freight Volume, in Mode of Transport within the 2000 Agency framework). ICAO continuously contributes to monitoring efforts of the 2000 Agenda and other development frameworks as appropriate.

New Generation of Aviation Professionals

2017 UN Resolution on Sustainable Transport

CONCLUSIONS

- Aviation is enabler to achieve the SDGs;
- Environmentally sustainable integrated airport and urban planning will benefit overall socio-economic development of countries, including countries in special situations;
- Sustainable hub airports include a corporate social responsibility dimension and are a integral part of intermodal sustainable mobility network
