Hosting of DETA at ECE

Walter Nissler
WP.29 Secretary
20 | 02 | 2020, Geneva

Latest Developments in Vehicle Regulations

DETA

INLAND TRANSPORT COMMITTEE

- Hosting DETA at ECE
 - extrabudgetary funding for hosting DETA at ECE could not be secured (Informal document ITC (2018) No. 9, para.5)
 - WP.29, at its 174th session, requested the UNECE secretariat to take the necessary steps to request financing for the hosting of DETA under regular budget.
 - ITC, at its eighty-first session, reiterated its support for hosting the Database for the Exchange of Vehicle Type Approvals (DETA) at ECE; and requested financing of DETA under the United Nations budget.
 - The approved 2020 UNECE programme budget subprogramme 2 "Transport", however, does not contain DETA.

Latest Developments in Vehicle Regulations

DETA

INLAND TRANSPORT COMMITTEE

- Further development of DETA

- International Motor Vehicle Inspection Committee (CITA) reconfirmed its readiness to finance the development of the module for Declaration of Conformity
- International Organization of Motor Vehicle Manufacturers (OICA), the European Association of Automotive Suppliers (CLEPA) and the European Tyre and Rim Technical Organization (ETRTO) confirmed their intention to finance the module for the Unique Identifier.

- Interim hosting of DETA by Germany

- DETA operative since March 2019. It is used since May 2019
- In November 2019,
 - 23 CPs had notified their national focal point and were using DETA actively.
 - 3 Manufacturers requested access to DETA in order to be able to access their type-approvals.
 - DETA contained around 400 type-approvals.
