Recommandation No 21

CODES DES PASSAGERS, DES TYPES DE FRET, DES EMBALLAGES ET DES MATÉRIAUX D'EMBALLAGE

I. PRÉAMBULE

L'Organisation des Nations Unies, par l'intermédiaire du CEFACT-ONU (Centre pour la facilitation des procédures et des pratiques dans l'administration, le commerce et les transports), appuie des activités destinées à renforcer l'aptitude des organisations professionnelles, commerciales et administratives des pays développés, en développement ou en transition à échanger efficacement des biens et les services correspondant. Il s'agit essentiellement de faciliter les transactions internationales grâce à la simplification et à l'harmonisation des procédures et des flux d'information¹.

Le programme de travail du CEFACT-ONU fait une large place à la nécessité de mettre au point des recommandations qui visent à simplifier et à harmoniser les pratiques et procédures actuellement utilisées dans les transactions internationales. Dans ce contexte, il incombe au Groupe de travail des codes (CDWG) du CEFACT-ONU de garantir la qualité, la validité et la disponibilité des séries de codes et des structures de codes pour contribuer à la réalisation des objectifs du CEFACT-ONU, et à l'application des recommandations de la CEE relatives aux codes. Le CDWG a établi la présente révision des listes de codes de la Recommandation 21.

Les présentes listes de codes remplacent les annexes V et VI de la deuxième édition de la Recommandation 21 (ECE/TRADE/211, septembre 1996).

II. TENUE À JOUR ET ACTUALISATION

1. La tenue à jour de la présente Recommandation sera assurée au nom du CEFACT-ONU par le Groupe de travail des codes (CDWG) du CEFACT.
2. Les propositions d'actualisation de la présente Recommandation devront être adressées à la Section de la facilitation du commerce, Commission économique pour l'Europe de l'Organisation des Nations Unies, CH-1211 Genève 10 (Suisse), ou par courrier électronique à l'adresse suivante :
cefact@unece.org.
3. Les projets de révision du corps du texte ou des listes de codes de la présente Recommandation seront publiés par le CDWG en temps utile et seront disponibles sur la page d'accueil du Groupe de travail à l'adresse suivante :
<http://www.unece.org/cefact>.
4. Il est prévu une période d'au moins deux mois pour la présentation des observations concernant les projets de révision. Les chefs de délégation auprès du CEFACT-ONU seront informés de l'existence de projets de révision et de la durée de la période fixée pour la présentation des observations. À l'issue de cette période, le CDWG étudiera toutes les observations reçues.

¹ Tiré de la déclaration de mission du CEFACT-ONU.

Selon ces observations, il publiera un nouveau projet de révision ou établira une version définitive qui sera soumise pour approbation.

5. La version révisée définitive du corps du texte de la présente Recommandation sera approuvée par la plénière du CEFACT-ONU.

6. La version révisée définitive des listes de codes de la présente Recommandation sera approuvée par la plénière du CDWG ou, si le corps du texte a lui aussi été révisé, par la plénière du CEFACT-ONU.

III. PRÉSENTATION DE LA LISTE DE CODES
