“PPP Projects & programs with components of People-first PPP outcomes”

Beatrice Florah Ikilai
Uganda

7-9 May 2019
Palais des Nations
Geneva, Switzerland
Making PPPs fit for purpose

Evaluated according to a new set of criteria.

- Increasing access and promoting equity:

- Improving environmental sustainability

- Improving project economic effectiveness:

- Be replicable so that PPPs project can be scaled up and achieve the transformational impact required by the 2030 Agenda.

- Engaging all stakeholders

Kampala Capital City Authority (KCCA).

• Is the legal entity, established by the Ugandan Parliament, that is responsible for the operations of the capital city of Kampala in Uganda. It replaced the Kampala City Council (KCC).

• The affairs of the capital city of Kampala are under the direct supervision of the central Ugandan Government.

• The city clerk, formerly the highest financial officer in the city, was replaced by the Executive Director, who is answerable to the Minister of Kampala Capital City Authority.

• The elected mayor, “the lord mayor”, now a largely ceremonial position. Society
23 Km of community Drains Completed
