Smart cities

7 AFFORDABLE AND CLEAN ENERGY

Energy efficiency

6 CLEAN WATER AND SANITATION

Emission standards

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Resilience to disasters

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Detox textile industry

Ongoing initiatives:

- Developing common regulatory frameworks in critical sectors (i.e. Equipment used in mines and energy plants)
- Furthering education on standardization
- Gender-responsive standards
- Enhancing the use of risk management tools in public policy
- Promoting sustainable supply chains in the textile and clothing industry
- Promoting partnerships between standards bodies and authorities at local, national and global levels

Joint work with UN/CEFACT :

- Field work in Uganda and Namibia's fisheries sector: training on the WP. 6 methodology on using risk management tools and on the UN/CEFACT FLUX standard
- Conducted with support from the EU ACP TBT Project – implemented by ARSO on the basis of UNECE deliverables
- Resulted in the adoption of an action plan for the reform of the countries' regulatory frameworks

Joint work with UN/CEFACT: Kyrgystan

- Development of training materials for trade support institutions
- On a wide range of topics including standardization, risk management, conformity assessment

Thank you
