### **KYIV METRO**

The KYIV METRO STATIONS are marked on Google Maps, and visually at the entrance with big green "M". The Kyiv metro operates daily from approximately 5:30 a.m. until after midnight, usually 00:30 a.m. Tokens and travel cards can be purchased at all stations. The tokens price is 8 UAH (0.3 USD), and they can also be purchased at designated token dispensing machines at the stations. Here is the scheme of Kyiv Metro <http://www.metro.kiev.ua/node/101>

## **KYIV BUSES**

Kyiv has an extensive system of mini-buses, buses, trolleybuses and trams. The system is for those who prefer “to look around” while traveling in town. They can be particularly useful in parts of Kyiv where the Metro does not go. Tickets (for 6-8 UAH (0.3 USD) depending on the route) are sold by drivers of minibuses or conductors in city buses, trolleybuses and trams. Wait for a conductor to sell you a ticket. The conductor will be the one wearing a green or red vest.

## **KYIV TAXI**

Taxi service in Kyiv is plentiful, with a wide range of providers, including UBER (can also be ordered by phone 9988). Taxis have special checkered sign on the cars. When ordering a cab by telephone or with the help of SmartPhone apps you will receive the quote for the trip at once. After you order a taxi by phone or mobile application, you have to wait from 5 to 20 minutes. The phone number of the city’s biggest taxi company is 1515. You are likely to pay cash rather than use a credit card.
