

Decision 2006/3

**Compliance by Slovenia with its obligations under the 1994 Protocol on
Further Reductions of Sulphur Emissions (ref. 1/00)**

The Executive Body,

Acting under paragraph 11 of the structure and functions of the Implementation Committee (Executive Body decision 1997/2, annex, as amended in 2001, ECE/EB.AIR/75, annex V),

1. *Recalls* its decision 2004/5, in which it urged Slovenia to fulfil its obligation under article 2.5(b) of the 1994 Protocol on Sulphur;

2. *Notes* the report provided by the Implementation Committee (EB.AIR/2006/3, paras. 7 and 8) concerning Slovenia's compliance with article 2.5(b) of the 1994 Protocol on Sulphur, and in particular the Committee's conclusion that it was apparent from the information provided by Slovenia about the installation of the desulphurization equipment and the actual emissions from the Trbovlje Power Plant that Slovenia had achieved compliance with its obligation under article 2.5(b) of the Protocol in October 2005; and

3. *Decides* that there is no longer any reason for the Implementation Committee to continue to review Slovenia's compliance with its obligation under article 2.5(b) of the 1994 Protocol on Sulphur as initiated by Slovenia's self-submission in 2000.
