

# The Task Force on Hemispheric Transport of Air Pollution: expected key message for Assessment Report

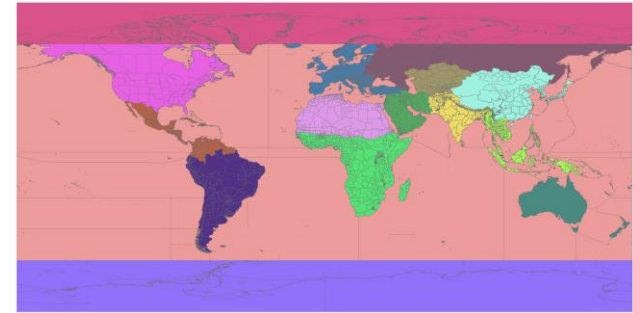

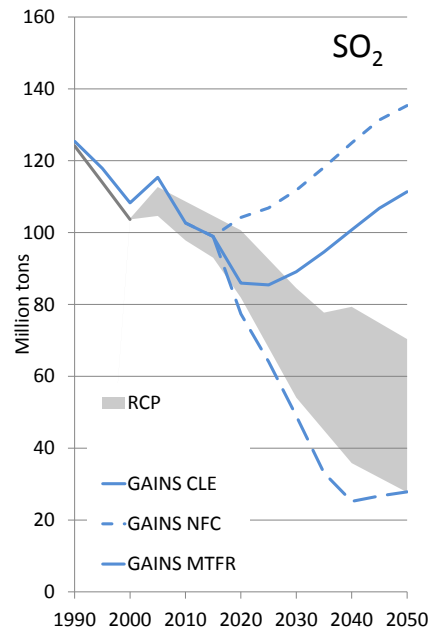

Terry J. Keating, Ph.D.  
U.S. EPA  
Co-chair TF HTAP

Frank Dentener, Ph.D.  
European Commission JRC  
Co-chair TF HTAP

# HTAP reconstruction of FUTURE O<sub>3</sub> changes in world regions until 2050

## HTAP scenarios: Global and regional scope for emission reductions

## Global and regional Modelling of emission Source Receptor relationships

### Expected key result for assessment report:

Combine new results from global and regional modelling and HTAP (GAINS) scenarios, to identify the scope for regional emission controls to improve global air quality issues.
