**Results Partners**

**UNECE Environment with**

- UNFCCC
- OSCE
- Environment and Security Initiative
- International Network of Basin Organizations
- UNDP
- WMO
- UNEP
- Environmental NGOs

**UNECE Environment with**

- OECD
- UNISDR
- Joint UNEP/OCHA Environment Unit
- WHO
- OPCW

**UNECE Environment with**

- UNFCCC
- European Commission
### Target Measures Resources (hyperlinks) Results Partners

**13.2** Set emission limit values for the broader spectrum of short-lived climate pollutants by implementing the UNECE Air Convention’s Gothenburg Protocol

- Use the work of the Task Force on Hemispheric Transport of Air Pollution to understand better the transport of air pollutants across the Northern Hemisphere

**Updated Handbook for the 1979 Convention on Long-range Transboundary Air Pollution and its Protocols**

- Task Force on Hemispheric Transport of Air Pollution

- Investment in climate change mitigation measures stimulated
- Identification of technologies to reduce emissions of climate pollutants
- Estimation of such emissions
- Understanding of interactions between greenhouse gases and air pollution

**UNECE Environment with**
- Climate and Clean Air Coalition
- Arctic Council

**13.2 13.3** Undergo an Environmental Performance Review to review national policies on the environment and sectoral management and obtain recommendations

**Review process**

- Climate change measures integrated into national policies

**UNECE Environment with**
- UNDP
- UNEP
- UNIDO
- WHO/Europe
- European Environment Agency

**13.3** Implement the UNECE Strategy for Education for Sustainable Development nationally

- UNECE Steering Committee on Education for Sustainable Development

- Improved education, awareness and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

**UNECE Environment with**
- UNESCO
- UNEP
- other relevant intergovernmental organizations and NGOs in the field of education, environment and sustainable development

### Cross-cutting measures

Implement the UNECE Aarhus Convention (Convention on Access to Information, Public Participation in Decision-making and Access to Justice in Environmental Matters) and its Protocol on Pollutant Release and Transfer Registers to strengthen capacities of authorities to promote effective access to environmental information and to engage effectively NGOs, local communities and other stakeholders in decision-making to help to address climate change. **Make use of tools and materials developed by the Aarhus Convention and its Protocol.**

### Other UNECE subprogrammes

The Statistics and the Environment subprogrammes cooperate on climate-related statistics
