30 November-01 December 2010

Szentendre, HUNGARY
A draft by-law on Strategic Environmental Assessment harmonized with EU SEA Directive has been prepared within the framework of the “Adoption and Implementation of EU SEA Directive in Turkey” project in cooperation with the Government of the Netherlands (MATRA) 2003-2005.

A case study of a tourism development plan in Antalya, Oymapınar

Outcomes:
- Growing experience
- lack of institutional capacity, expertise and practice on SEA.
“Strengthening Institutional Capacity of Turkey for the Implementation of Strategic Environmental Assessment” (between 2008-2009) (MATRA)

A pilot project on land-use plan of Kayseri (1/50.000 scale)

Purpose:
- To strengthen the institutional capacity of the MoEF, General Directorate of EIA and Planning on SEA.

Outcomes:
- SEA trainers team within the General Directorate of EIA and Planning was established and were trained on SEA implementation.
- Pilot project on land-use planning (1/50.000-1/100.000 scale) was implemented and sector guideline was prepared.
SEA pilot study on 1/50.000 scaled land-use plan:
- consideration of environmental issues within land-use planning by the implementation of SEA to the plan.
- Two pre-scoping meetings; to inform the public, institutions and organizations raise the awareness on SEA, SWOT Analysis.
- Preparation of Scoping report, SEA Report and organization of meetings.

- Preparation of sector guidelines:
A guideline indicating how to implement SEA to territorial plans prepared.

- Establishing an SEA team for training activities:
An SEA team was formed from EIA and planning departments. Training materials on SEA prepared for the next project.

“Assisting Turkey for the implementation of draft by-law on SEA”

**Purpose:**
To create institutional capacity and to raise awareness necessary for the implementation of By-law on Strategic Environmental Assessment (SEA) for all sectors.

**Expected Outcomes:**
1. Institutional capacity to implement by-law on SEA was enhanced.
2. A proposal on institutional structure for the implementation of SEA was developed.
3. **By-law on SEA launched to be implemented.**
Workshop on SEA and EIA Implementation in Bulgaria, Romania and Turkey

**Activities:**

- training and awareness raising activities to competent authorities, NGO’s, chambers to ensure an effective public participation process,
- SEA pilot studies on various sectors,
- preparation of sector guidelines on various sectors,
- to learn the experiences of EU Member States,
- an analysis for improving the institutional structure needed for the implementation of SEA,
- assistance for legal SEA implementation of competent authorities.

30 November- 01 December 2010

Szentendre, HUNGARY
2010
- SEA is going to be enforced gradually before the end of the year 2010.
- By-law will be limited with 2 sectors (tourism, land use planning)
- Institutional reorganisation within MoEF

2011-2012
- by the IPA project: creating institutional capacity and to raise awareness necessary for the implementation of By-law on Strategic Environmental Assessment (SEA) for all sectors.

2013 -
- SEA is going to be implemented for the remaining sectors

30 November- 01 December 2010

Szentendre, HUNGARY
