Part one
Current legal and administrative framework for the implementation of the Protocol

In this part, please describe the legal, administrative and other measures taken in your country to implement the provisions of the Protocol. This part should describe the framework for your country’s implementation, and not experience in the application of the Protocol.

Article 3
General provisions

I.1. Please provide the main legislative, regulatory and other measures you have adopted in your country to implement the Protocol (art. 3, para. 1) (more than one option may apply):

(b) SEA provisions are transposed into another law(s) (please specify): The Law on environmental assessment is the same for the all country. Nevertheless, regions can pass their own laws with some specialities which take into account their organization or their special features. In any case, the procedural steps established to make an environmental assessment are the same whatever type of plan or programme is assessed.

(c) Regulation (please indicate number/year/name):

(d) Administrative rule (please indicate number/year/name):

(e) Other (please specify):

**Article 12**
**Monitoring**

I.25. Describe the legal requirements for monitoring the significant environmental, including health, effects of the implementation of the plans and programmes adopted under article 11 (art. 12, paras. 1 and 2): The strategic environmental declaration includes monitoring conditions.

**Part two**
**Practical application during the period 2013–2015**

In this part, please report on your country’s practical experiences in applying the Protocol (and not your country’s procedures, which were described in part one). The focus of this section should be on identifying good practices as well as difficulties encountered in applying the Protocol in practice. The goal is to enable Parties to share solutions. Please therefore provide appropriate examples highlighting application of the Protocol in your country and innovative approaches to improve its application.

II.1. Does your country object to the information on SEA procedures provided in this section being compiled and made available on the website of the Protocol? Please specify (indicate “yes” if you object):

(a) Yes ☐
(b) No ☒

Your comments:

1. **Consideration of health effects**

II.2. Does your SEA documentation always include specific information on health effects? Please specify:

(a) Yes ☐ The environmental authority consults the health authority about effects on health due to the plan.
(b) No, only when potential health effects are identified ☐

2. **Domestic and transboundary implementation in the period 2013–2015**

II.3. Does your SEA documentation always include specific information on potential transboundary environmental, including health, effects? Please specify:

(a) Yes ☐
(b) No, only when potential transboundary effects are identified ☐

3. **Cases during the period 2013–2015**

II.4. Please provide the (approximate) number of transboundary SEA procedures initiated during the period 2013–2015 and list them, grouped by the sectors listed in article 4, paragraph 2:
4. **Experience with the strategic impact assessment procedure in 2013–2015**

II.5. Has your country experienced substantial difficulties in interpreting particular terms (or particular articles) in the Protocol?:

(a) **No ☒**

(b) **Yes ☐** (please indicate which ones):

II.6. How does your country overcome the problems(s), if any, for example by working with other Parties to find solutions? Please provide examples:

II.7. With regard your country’s experience with domestic procedures, in response to each of the questions below, either provide one or two practical examples or describe your country’s general experience. You might also include examples of lessons learned in order to help others. Please detail:

(a) Has your country carried out monitoring according to article 12 and, if so, for what kinds of plans or programmes (cite good practice cases or good practice elements (e.g., consultation or public participation), if available)?: In Spain, monitoring is carried out by the competent authority that approves the plan or programme.

(b) Would your country like to present a case to be published on the website of the Convention and its Protocol as a “case study fact sheet”?:

(i) **No ☒**

(ii) **Yes ☐** (please indicate which ones):

II.8. With regard your country’s experience with transboundary procedures, in response to each of the questions below, either provide one or two practical examples or describe your country’s general experience. You might also include examples of lessons learned in order to help others. Please detail:

(a) What difficulties has your country experienced in relation to translation and interpretation, and what solutions has your country applied?: We have not found particular difficulties with regard to translation.

(b) What does your country usually translate as a Party of origin?: We ask the developer to translate the information regarding transboundary environmental impact effects. This information is included in a specific separate chapter of the environmental report, and also the non-technical summary must be translated into the official language of the affected Party.

(c) Has your country carried out transboundary public participation according to article 10, paragraph 4?:

(i) **No ☐**
(ii) Yes ☑ (please indicate how): Spain and Portugal have signed a bilateral protocol that allows both Parties to participate in the early stages of the environmental assessment procedures, if transboundary effects may occur. Also, there is a specific Convention with Portugal, the Albufeira Convention, related to water management.

(d) What has been your country’s experience of the effectiveness of public participation?: Suggestions of public issued during public participation improve the plans and programmes. They are considered during the SEA process and the SEA statement includes information about how public comments have been taken into account.

(e) Does your country have examples of organizing transboundary SEA procedures for joint cross-border plans and programmes?:

(i) No ☑

(ii) Yes ☐ (please describe):
5. Experience regarding guidance in 2013–2015

II.9. Are you aware of any use in your country of the online Resource Manual to Support Application of the Protocol on Strategic Environmental Assessment (ECE/MP.EIA/17)?

(a) No: 

(b) Part of it (Please specify): It has been used by the Ministry of Agriculture, Food and Environment during the SEA processes to clarify SEA concepts.

(c) Yes ☐ (please describe your experience):

Your comments on how the Guidance might be improved or supplemented:

6. Awareness of the protocol

II.10. Does your country see a need to improve the application of the Protocol in your country?

(a) No: ☒

(b) Yes ☐ Please describe how your country intends to improve application of the Protocol:

7. Suggested improvements to the report

II.11. Please provide suggestions for how this report may be improved:
