Dear Ms. Marshall,

I regret to inform you that due to state of emergency which was imposed in Serbia from march until the May, caused by COVID 19, and very difficult epidemiological situation, I had to twice cancel the meeting with competent ministries regarding the communication concerns compliance by Serbia with articles 6(4), 8 and 9(4) of the Aarhus Convention.

I kindly ask you to allow the extension of the deadline (23 August 2020) so that I could have enough time to hold the new meeting with the competent ministries and to prepare the written explanation regarding compliance case .

Best regards,

Tina Janjatović
