

Promoting EE in buildings in the ECE region

HOUSING AND LAND MANAGEMENT

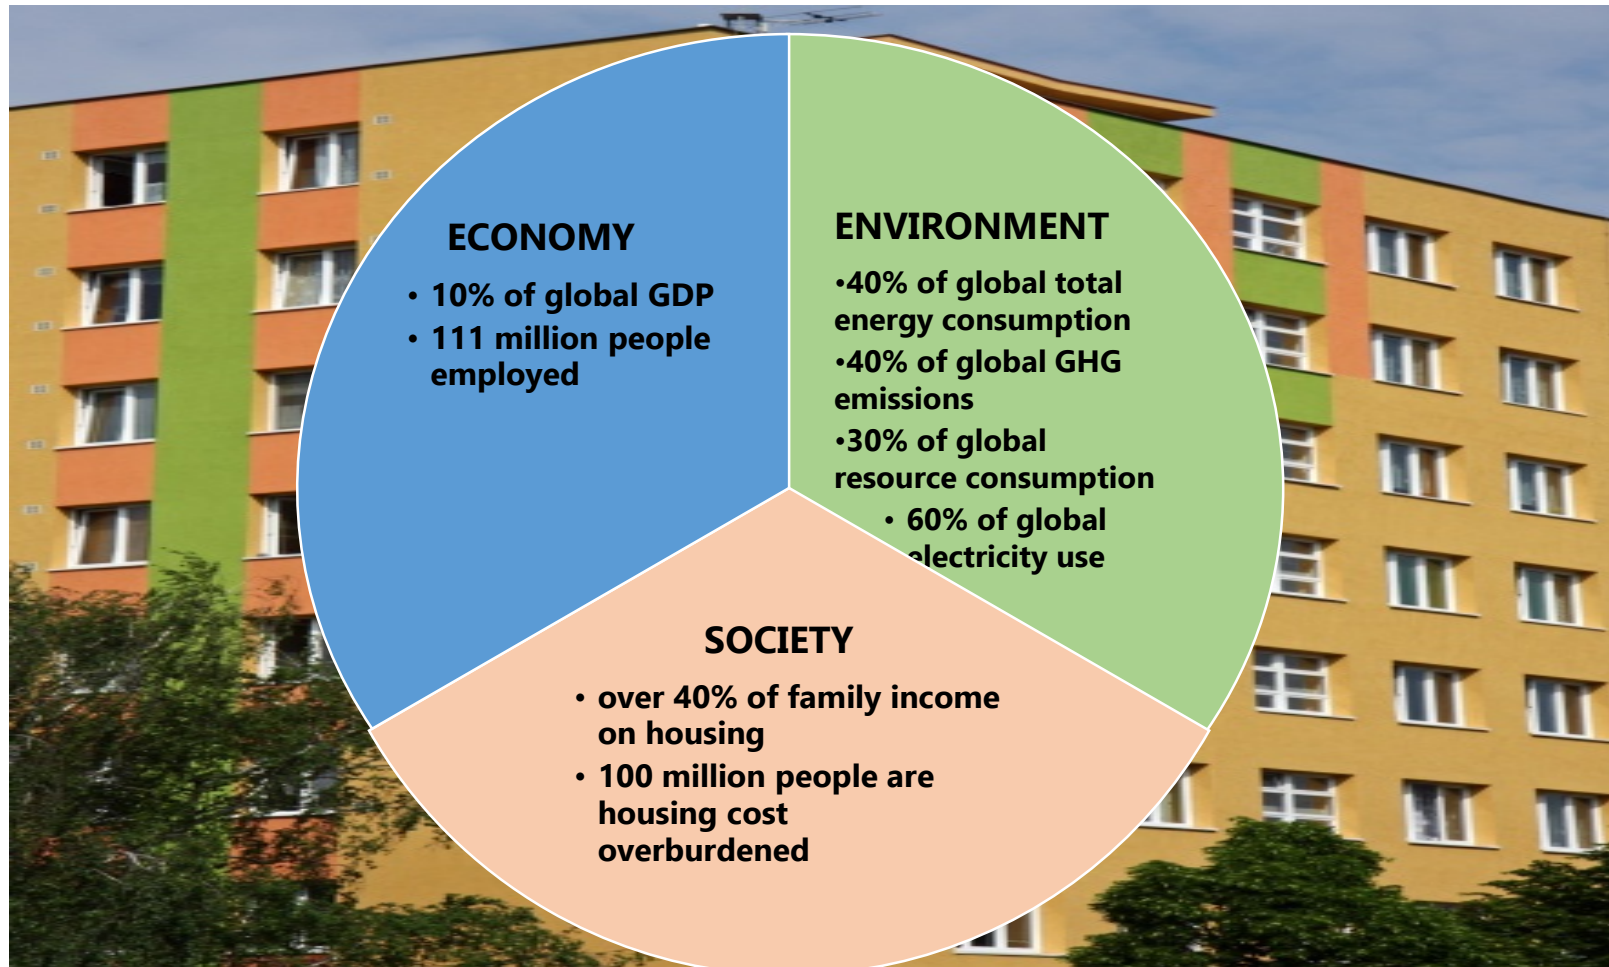

Domenica Carriero
Housing and Land Management Unit
Forests, Land and Housing Division, UNECE

Challenges: impact of the building sector

HOUSING AND LAND MANAGEMENT

Main advantages to EE in the housing sector

HOUSING AND LAND MANAGEMENT

Environmental benefits : help to mitigate global climate change

Energy availability and security: frees up more energy for alternative uses and to meet growing demands

Social effects: improve health and comfort and make energy more affordable

Regeneration of the built environment: improves indoor comfort and lengthen property repair cycles

Financial benefits: savings for tenants and less loss in energy delivery for service providers

Activities: HLM steps towards EE in buildings

HOUSING AND LAND MANAGEMENT

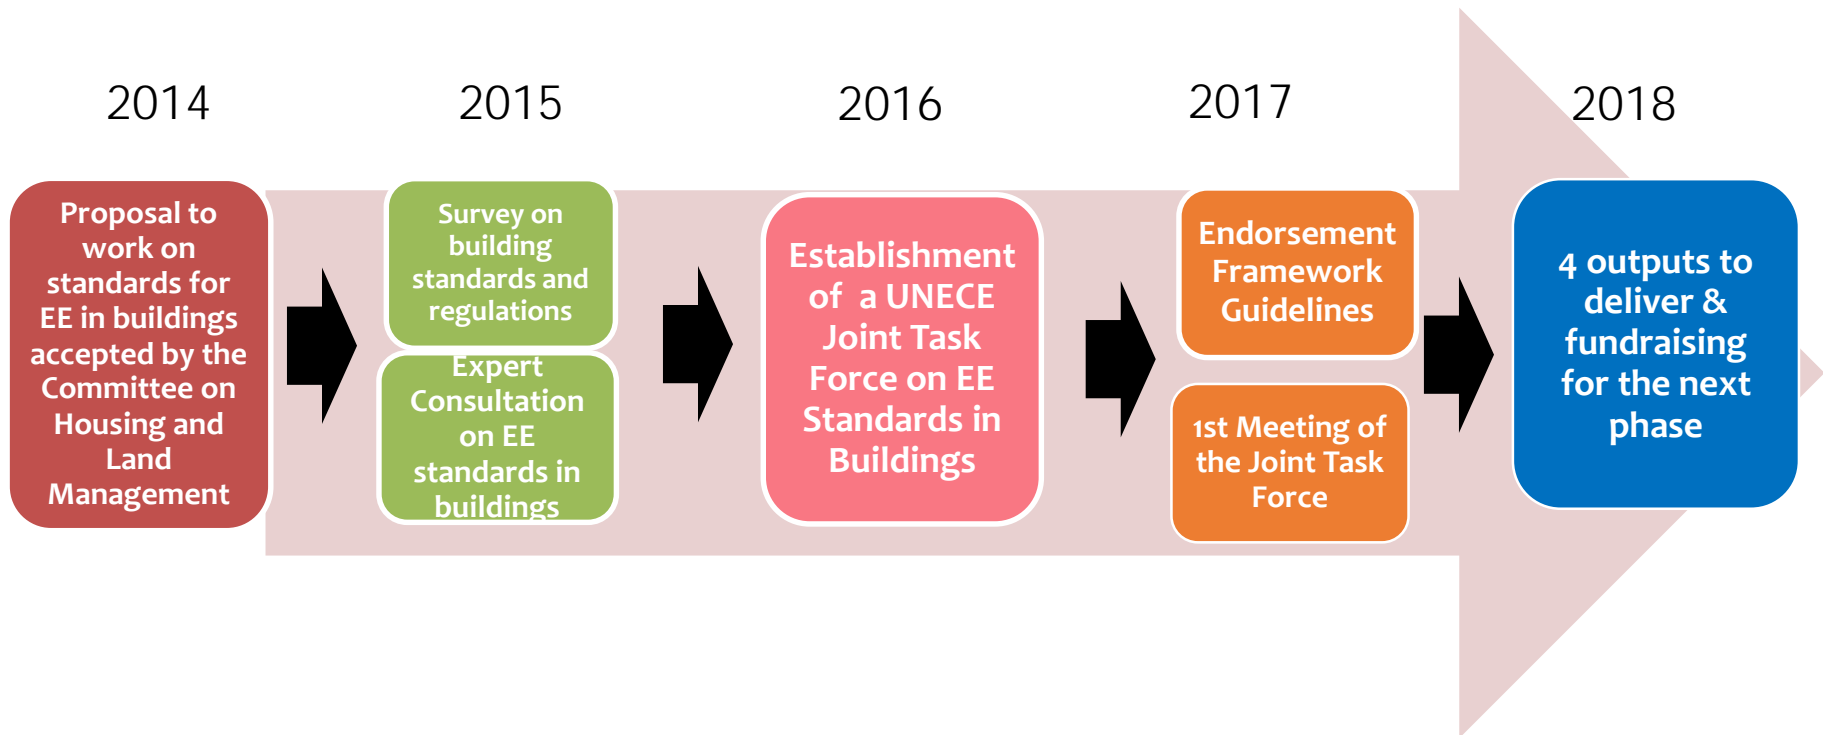

Capacity building – regional, national and local workshops

Activities: on Energy Efficiency Standards in Buildings Project

HOUSING AND LAND MANAGEMENT 

Cooperation: Committee on Housing and Land Management and
Committee on Sustainable Energy and Working Party 6

Joint Task Force on EE Standards in Buildings – 2017-2018

Activities

1. Studies:
 - Mapping EE standards for buildings and preparing gap analyses
 - Mapping of existing technologies
 - Compendium of best practices
2. Establish a database of experts
3. Develop training material and organize training programmes
4. Global research consortium
5. International Centers of Excellence on the Framework Guidelines

Scheduled Meetings

1st meeting of the JTF – October 2017, Geneva

2nd meeting of the JTF and validation workshop – 14-15 May 2018, Yerevan, Armenia

3rd meeting of the JTF and validation workshop – 3 October 2018, Geneva (back-to-back with the CHLM)

4th meeting of the JTF – November 2018, Kiev, Ukraine (back-to-back with the 8th Energy Forum)

Thank you!
