UNECE

Project Objectives and Key Milestones for 2020

UNECE

Objectives:

(1) Prepare Smart Sustainable City profile for Grodno based on KPI evaluation;

(2) Identify two projects for investments which will drive forward advancement of Grodno as a Smart and Sustainable City.

Phase 1

- Evaluation of Smart Sustainable City's Profile for the city of Grodno;
- Capacity building events to explain existing innovative methods of financing city projects
- Mapping of potential investors.

Phase 2

- Share key findings of the evaluation with the city of Grodno, agree on priorities and focus areas
- Identify 2 focus projects for the city
- Organize workshop with investors.

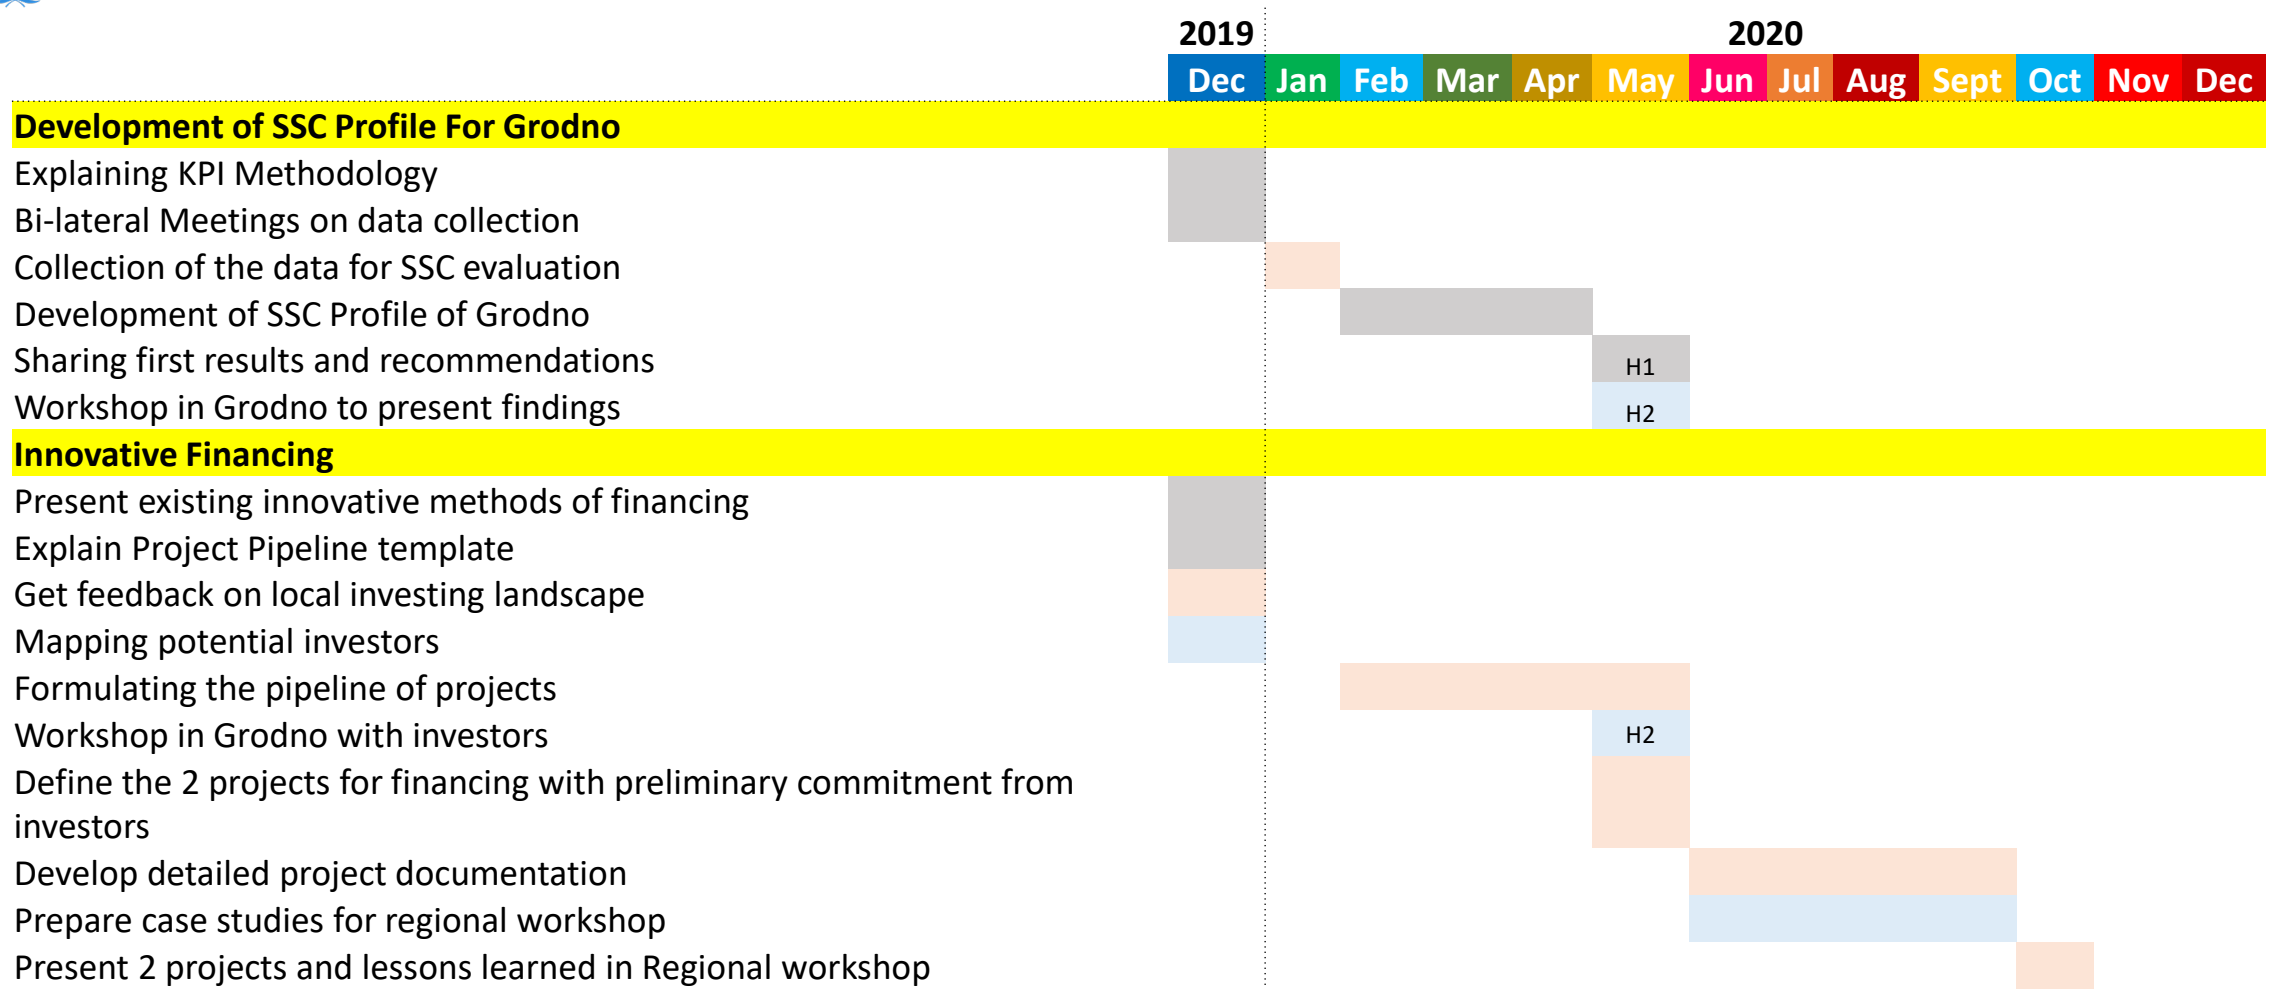
Detailed planning

UNECE



Outlook beyond 2020

UNECE

For Grodno:

- Deepening of evaluation / recommendations on key selected areas
- Support / policy advice and recommendation for new projects and policy implementation

Other ideas for cooperation:

- Support in further implementation of Country Profile Recommendations
- “Smart Nation – Belarus”: idea to expand SSC evaluation and Innovative Financing of SSC Projects to more cities in Belarus

More ideas – welcome ☺
