Strengthening National Capacities for Sustainable Housing,
Urban Development and Land Management: Third Regional Meeting

15:00, 9 March, 2017, Geneva, Switzerland

Report

Organizers: United Nations Economic Commission for Europe

Venue: Palais des Nations, Room VII

Languages: English, Russian with simultaneous translation

The two joint UNECE/UN-Habitat capacity building projects “Strengthening national capacities for sustainable housing in selected countries with economies in transition” (Armenia, Republic of Moldova, Serbia and Tajikistan) and “Evidence-based policies for sustainable housing and urban development in selected countries with economies in transition” (Albania, Georgia, Kyrgyzstan, Ukraine) aim to support sustainable housing, urban development and land management by assisting national governments in the formulation and implementation of relevant and evidence based policies and by developing National Action Plans for Sustainable Housing.

This meeting was attended by Head of the UNECE HLM Unit Albena Karadjova, UNECE HLM consultant Regina Khanbekova Ms. Gulo Zumbadze, Tbilisi Municipal City Assembly, Chair of Human Rights and Civil Integration Commission, Self-government of Tbilisi/City Council, Tbilisi Municipal City Assembly and Mr. Kadyrbek Baitileshov, Deputy Director, Department of Cadastre and Registration, State Registration Service under the Kyrgyz Republic Government.

Head of the UNECE HLM Unit Albena Karadjova has reported on current status of UNDA 9th and 10th tranche implementation. Stakeholders have discussed projects’ objectives and strategies, projects’ implementation and related activities of the countries-beneficiaries and further planning of the advisory missions and national workshops. It was agreed that UNECE will implement the project in Georgia on national and city levels and will be supported by the municipality of Tbilisi.
