

The training programme for professionals of the City of Geneva: towards an Alzheimer friendly community

Giovanni Martinelli, giovanni.martinelli@police.ge.ch
Sophie Courvoisier, sophie.courvoisier@alz-ge.ch
Geneva, 20th November 2019

How it all started

Mr Franck (81) moved to a specialised care home some days ago.

He used to be a police officer and was the head of the security brigade of the Geneva police for 25 years.

Every night, Mr Franck runs away from the home to "go and train young police officers".

Every time he is brought back by his former colleagues as a "fugitive"
