Development of SDGs’ monitoring in the CIS region

Elena Vosmirko

Second Expert Meeting on statistics for Sustainable Development Goals
Geneva
18-19 April, 2018
The Interstate Statistical Committee of the CIS (CIS-Stat) develops the activity on SDGs indicators since 2016.

- A special survey of the opinions of CIS countries on the global list of SDGs indicators was conducted.
- The list of indicators for the CIS region was formed basing on the results of the survey.
- A section on the SDGs "Statistics for SDGs: the CIS region" was created on the CIS-Stat website.
- A statistical abstract on SDGs was prepared and sent to the national statistical services (NSS) for comments and suggestions.
The section "Statistics for SDGs: CIS region" on the CIS-Stat website is an information platform on SDGs.

This Russian-language informational resource is of interest for a wide range of users.

The interest in the creating such a platform was expressed by countries and was confirmed at the meeting of experts on statistics for SDGs (Geneva, April 10-12, 2017).

http://www.cisstat.com/sdgs/
The section "Statistics for SDGs: CIS region" on the CIS-Stat website provides:

- information on the SDGs indicators survey;
- list of 111 SDGs indicators for the CIS region;
- information on the work on implementation of SDGs in the CIS countries;
- publications and links to information resources.

At the beginning of 2018 CIS-Stat produced a draft of statistical abstract “Monitoring of SDG indicators in the CIS region”.

Abstract includes 14 of 17 Goals of Sustainable Development and 40 indicators from the Global List of SDGs indicators.
Abstract is based on the list of SDG indicators for the CIS region, which was formed following the answers of national statistical services (NSS).

At the same time, additional indicators are included in the abstract.

Starting from 2018, statistical abstract “Monitoring of SDG indicators in the CIS region” will be published annually.
The sources of information for pilot monitoring of SDG indicators in the CIS

- the official data of the CIS national statistical services in the framework of the agreement on interstate exchange of statistical information
- data from official sites of national statistical services
- data from sites of international organizations
In March 2018 the draft of statistical abstract was sent to the national statistical services for comments and suggestions.

After incorporating the NSS suggestions into the abstract “Monitoring of SDG indicators in the CIS region“, it will be posted on the CIS-Stat website in the section "Statistics for SDGs: CIS region"

The abstract is being produced by the CIS-Stat jointly with NSS. It is one of the components of the development of national data platforms on SDG.
