For over 300 years, the census has painted a picture of our people and the places in which we live. This census, on May 15, 2001, will continue the tradition by providing information needed by community groups, businesses and governments to develop plans for education and training, seniors' housing, day care, fire protection, public transport, and many other programs that are important to all of us.

As Canada's national statistics agency, Statistics Canada uses census data for producing statistical tables, analytical reports and for selecting samples or following up respondents for some of our surveys. These uses are strictly for statistical purposes and no one outside of the agency can have access to your identifiable information.

By law, Statistics Canada must take a census every five years, and every household must fill in a census form. Also, by law, Statistics Canada must protect the confidentiality of the personal information you provide. Our employees, including census takers, are personally liable to fines or imprisonment should they break the confidentiality of your information.

Please complete your census form and mail it back on May 15, 2001.

Thank you for your cooperation.

If you need more space, use the “Comments” section on page 6.

**STEP C**

Did you leave anyone out of Step B because you were not sure the person should be listed?

For example:
- a person living at this address who has another home;
- a person temporarily away.

- [ ] No
- [ ] Yes → Specify the name, the relationship and the reason.

**STEP D**

Is anyone listed in Step B a farm operator?

- [ ] No
- [ ] Yes

A farm operator makes the day-to-day management decisions for a farm. Farms produce any of the following agricultural products intended for sale:
- crops
- livestock
- poultry
- other agricultural products (greenhouse or nursery products, Christmas trees, sod, honey, maple syrup products, furs, eggs, milk, etc.)

**STEP E**

Copy the names from Step B to Question 1, on the top of the next page.

IF MORE THAN SIX PERSONS LIVE HERE and you do not have a second questionnaire to include them, note this in the “Comments” section on page 6. A Statistics Canada representative will contact you.
## NAME
In the spaces provided, copy the names in the same order as in Step B. Then answer the following questions for each person.

## SEX

### DATE OF BIRTH
Example: 23 02 1954
If exact date is not known, enter best estimate.

## MARITAL STATUS
Mark "☑" one circle only.

### IS THIS PERSON LIVING WITH A COMMON-LAW PARTNER?
Common-law refers to two people of the opposite sex or of the same sex who live together as a couple but who are not legally married to each other.

### RELATIONSHIP TO PERSON 1
For each person usually living here, describe his/her relationship to Person 1.
Mark "☑" one circle only.
Stepchildren, adopted children and children of a common-law partner should be considered sons and daughters.

Examples of "Other" relationships to Person 1:
- grandparent
- cousin
- niece or nephew
- lodger's husband or wife
- room-mate's daughter or son
- employee

## WHAT IS THE LANGUAGE THAT THIS PERSON FIRST LEARNED AT HOME IN CHILDHOOD AND STILL UNDERSTANDS?
If this person no longer understands the first language learned, indicate the second language learned.

Census (4).max
You have now completed your questionnaire. Please mail it today.

Thank you for your cooperation.

**Question 7** — For a person who has learned two languages at the same time in early childhood, report the language this person spoke most often at home before starting school. Report two languages only if they were used equally often and are still understood by this person.

For a child who has not yet learned to speak, report the language spoken most often to this child at home. Report two languages only if they are spoken equally often so that the child learns both languages at the same time.

**Census Help Line**

Call 1 800 591-2001 if:
- you need help completing your questionnaire;
- you have difficulty answering a question and you need clarification;
- you would like more information about what happens to your questionnaire;
- you or a member of your household would prefer to fill in a separate questionnaire.

TTY/TDD users only, call 1 877 881-8301.

The Census Help Line is a free service and is available from May 1 to May 31 between 8 a.m. and 9 p.m.

**Steps A and C** help you to decide who should be included and who should not be included in the questionnaire. They tell us that we have counted everyone we need to count and that we have not counted anyone twice.

Step D tells us if someone in your household operates a farm. It also ensures that we count all farms for the Census of Agriculture.

**Question 1** asks for the name of each person in the household so that no one is left out or counted twice. Names are not entered into the census database.

**Questions 2 to 6** ask about the people living in each household. From these questions we can learn about the living arrangements of people living in Canada, family size, the number of children living with one parent or two parents, and the number of people who live alone. This information is used for planning social programs, such as Old Age Security and the Child Tax Benefit. It is also used by towns and cities to plan a variety of services such as day-care centres, schools and senior citizens’ homes.

**Question 7** asks for the language first learned at home in childhood and still understood. These data are used to establish the size of the various language groups. This information is used to implement programs that protect the rights of Canadians under the Canadian Charter of Rights and Freedoms. It also helps to determine the need for language training and services in English or French.

The confidentiality of your census questionnaire is protected by law. All Statistics Canada employees have taken an oath of secrecy. Your personal information cannot be given to anyone outside Statistics Canada – not the police, not another government department, not another person. This is your right.

Your census questionnaire will be retained in accordance with legislative requirements and will be stored securely. You can ask to see the information you gave about yourself on your 2001 Census questionnaire after November 2001. To do this, write to the Privacy Coordinator, Statistics Canada, 25th Floor, R.H. Coats Building, Ottawa, Ontario K1A 0T6.
Census questionnaires are delivered to every household in Canada. Most people will provide their information on the same census questionnaire as the other members of their household. This census form is for people who are not staying at their usual home on Census Day, or for people who do not want their census information recorded on the same form as the other household members. Please answer the questions which apply to you. You may not have to complete the entire form if you have a usual home elsewhere in Canada.

These uses are strictly for statistical purposes and no one outside of the agency can have access to your identifiable information.

Reasons why we ask the questions

Steps A to D and Question 1 are asked to determine if you should complete this form. We ask for your name, this address and any other address where you may be included to make sure that we have counted everyone we need to count and that we have not counted anyone twice. We use your telephone number to call you for any information you may have forgotten to include in your questionnaire.

Questions 2 to 6 provide information that is used for planning social programs, such as Old Age Security and the Child Tax Benefit. It is also used by towns and cities to plan a variety of services such as day-care centres, schools and senior citizens' homes.
