

**COMMITTEE ON FORESTS AND THE FOREST INDUSTRY**  
5-9 NOVEMBER 2018 | VANCOUVER | CANADA  
BUILDING THE FUTURE WITH FORESTS

## Dr. Francisco Aguilar

Francisco Aguilar, Ph.D. is an Associate Professor of Forest Economics and lead author of the UNECE/FAO Forest Products Annual Market Review chapter on Wood Energy. He studies sustainable wood utilization including energy and material uses applying various econometric techniques accumulating 20 years of experience in the forest sector and over 50 scientific publications. He is the sole editor of the book “Wood Energy in Developed Economies” published by Taylor & Francis, Associate Editor with Forest Science, and has consulted on wood energy development projects with the European Commission and the UN Development Account among other private and public agencies. He has served on the Board of Invest Microfinance since 2007 promoting sustainable microfinance around the world.
