**If products were released for circulation when national conformity assessment documents were valid they can be circulated within their shelf life.**
ELECTRICAL AND MECHANIC ENGINEERING

**Transition period will finish on March 15, 2015**

- «On Safety of Low Voltage Equipment»
  - CU TR 004/2011

- «On Safety of Machines and Equipment»
  - CU TR 010/2011

- «On Safety of Lifts»
  - CU TR 011/2011

- «On Safety of Equipment for Explosive Environments»
  - CU TR 012/2011

- «On Safety of Equipment Using Gaseous Fuel»
  - CU TR 016/2011

**Transition period will finish on August 1, 2015**

- «On Safety of Equipment Operating under Manometrical Pressure»
  - CU TR 032/2013

**Plan of development of the CU Technical Regulations:**

**DRAFTS**

- «On Requirements to the Energy Efficiency of Electrical Energy Consuming Devices»

- «On Informing Consumers about the Energy Efficiency of Electrical Energy Consuming Devices»

- «On Restrictions of the Use of Dangerous Substances in Electrotechnical and Radioelectronical Devices»
FOOD PRODUCTS AND AGRICULTURAL RAW MATERIAL

Transition period will finish on February 15, 2015

- «On Safety of Food Products»
  CU TR 021/2011

- «Food Products Labeling»
  CU TR 022/2011

- «Technical Regulation on Fruit and Vegetable Juices»
  CU TR 023/2011

- «Technical Regulation on Oil and Fat Products»
  CU TR 024/2011

- «On Safety of Certain Types of Specialized Food Products Including Therapeutic and Preventive Dietary Food»
  CU TR 027/2011

- «Safety Requirements for Food Additives, Flavorings and Technological Aids»
  CU TR 029/2012

Transition period will finish on 31 декабря 2015 года

- «On Safety of Milk and Milk Products”»
  CU TR 033/2013

- «On Safety of Meat and Meat Products»
  CU TR 034/2013

Plan of development of the CU Technical Regulations:

- Fish and Fishery Products
- Alcohol Products
- Tobacco Products
- Prepackaged Drinking Water
- Poultry Meat and Poultry Processed Products
Technical Regulations of the Customs Union

- «On Safety of Small Size Vessels»
  - CU TR 026/2012
  - Transition period will finish on July 31, 2015

- «On Safety of Explosives and Products on Their Basis»
  - CU TR 028/2012
  - Transition period will finish on February 15, 2016

- «On Requirements for Lubricants, Oils and Special Liquids»
  - CU TR 030/2012
  - Transition period will finish on September 1, 2015

- «On Safety of Furniture Products»
  - CU TR 025/2012
  - Transition period will finish on March 1, 2016

Railway Transport and Its Infrastructure:

- «Railway Rolling Stock»
  - CU TR 001/2011

- «High-speed Railway Transport»
  - CU TR 002/2011

- «Railway Transport Infrastructure»
  - CU TR 003/2011

Transition period will finish on August 1, 2016
AUTOMOBILE INDUSTRY, TRACTOR INDUSTRY AND ROAD CONSTRUCTION

- **January 1, 2015**
  - «On Safety of Wheeled Vehicles»
  - *CU TR 018/2011*
  - Transition period will finish on July 1, 2016

- **February 15, 2015**
  - «Road Safety»
  - *CU TR 014/2011*
  - Transition period will finish on September 1, 2016

- **February 15, 2015**
  - «On Safety of Agricultural and Forestry Tractors and Trailers»
  - *CU TR 031/2012*
  - Transition period will finish on March 15, 2017
CONSTRUCTION INDUSTRY,
PRODUCTION OF CONSTRUCTION MATERIALS AND STRUCTURES

Meeting of the EEC Council
(April 28, 2014)

Development of the CU Technical Regulation «On Safety of Buildings, Construction Materials and Products» was approved

1. Endorsement of the of structure and content of the conception

2. EEC Subcommittee for technical regulation in construction

Second meeting – November 19, 2014

improving approaches to regulating the safety of buildings and structures, construction materials and products in the CU and SES based on the progressive national experience and best international and European practice
PLAN of Development of Technical Regulations of the Customs Union and Introduction of Amendments

**5 CU TRs**
- Liquefied petrol gas
- Coals and coal processing products
- Oil prepared for transportation and/or use
- Flammable natural gas prepared for transportation and/or use
- Main pipelines for transporting liquid and gaseous hydrocarbons

**3 CU TRs**
- Products designed to protect the public in natural and man made emergency situations
- Products designed for civil defense
- Fire safety and fire fighting equipment

**2 CU TRs**
- On Safety of Attractions
- On Safety of Equipment for Children’s Playgrounds

**FUEL AND ENERGY INDUSTRY:**

**FIRE SAFETY, CIVIL DEFENSE AND EMERGENCIES:**

**ENTERTAINMENT INDUSTRY:**

Single information resource
THE TREATY ON THE EURASIAN ECONOMIC UNION

(Section X, Annexes №9, №10, №11)

Decision of the EEC Council of July 16, 2014 №58
«Plan of development of acts and international agreements...»

By 31.12.2015

3 international treaties on:
- state surveillance on compliance with requirements of the CU TR;
- circulation of products, which are not subject to requirements of the CU TR;
- elimination of technical barriers in mutual trade with third countries.

2014 – 2015 rr. 14 documents for implementation of the treaties, including the following:

- stipulating single form of state registration certificates according to requirements of CU TRs and setting the procedure of maintenance of the Single registry of the state registration certificates;
- uniformity of measurements including mutual acceptance of results and the procedure of approving the type of measurement means;
Section XI. SANITARY, VETERINARY and PHYTO-SANITARY QUARANTINE MEASURES:

Based on provisions of Agreements on sanitary, veterinary and phyto-Sanitary quarantine measures signed by member-countries of the Customs Union and the Single Economic Space

- Agreement of the Customs Union on Sanitary Measures
- Agreement of the Customs Unions on Veterinary Measures
- Agreement of the Customs Union on plant quarantine

Article 56 General principles of application of sanitary, veterinary and phyto-sanitary measures

Article 57 Application of sanitary measures

Article 58 Application of veterinary measures

Article 59 Application of phyto-sanitary measures

Annex №12 Protocol on application of sanitary, veterinary and phyto-sanitary quarantine measures
APPROVED:

✓Unified list of products subject to sanitary and epidemiological surveillance (control) on the customs border and in the customs territory of the Customs Union

✓Common sanitary-epidemiological and hygienic requirements to products subject to sanitary and epidemiological surveillance (control)

✓Unified forms of documents confirming the safety of products (goods)

✓Provision of state sanitary-epidemiological surveillance (control) for persons and transport means, crossing the customs border of the Customs Union and for products liable to check, being moved through the customs border of the Customs Union and customs territory of the Customs union

Quality and safety assurance of food and industrial products being moved through customs border of the Customs Union and circulated on the territory of the Customs Union
Unified list of products subject to sanitary and epidemiological surveillance (control) on the customs border and the customs territory of the Customs Union

Section II «The List of Products subject to state registration»

CU Single Registry of State Registration
Certificates of the Customs Union

20092 products names

www.eurasiancommission.org
APPROVED:

- Unified list of products subject to veterinary surveillance (control)
- Provision on Uniform procedure of veterinary control on the customs border of the Customs Union and Common Economic Space
- Provision on Uniform procedure of joint inspections of objects and sampling of goods (products) subject to veterinary surveillance (control)
- Unified veterinary (veterinary and sanitary) requirements for goods subject to veterinary surveillance (control)
- Single forms of veterinary certificates

Protection of the customs territory of the Customs Union against the importation and distribution of animal diseases and goods not conforming to veterinary requirements
VETERINARY MEASURES

Single list of products subject to veterinary control (surveillance)

CCU Decision of June 18, 2010 №317

Provision on Uniform procedure of joint inspections of objects and sampling of goods (products) subject to veterinary surveillance (control)

www.eurasiancommission.org
The List of quarantined products (quarantined loads, quarantined materials, quarantined material) subject to phyto-sanitary quarantine control (surveillance) on the customs border of the Customs Union and Common Economic Space

Provision on phyto-sanitary quarantine control (surveillance) on the customs border of the Customs Union and the Common Economic Space

Provision on phyto-sanitary quarantine control (surveillance) on the customs territory of the Customs Union and the Common Economic Space

Protection of the customs territory of the Customs Union against the importation and distribution of quarantine objects and reducing the losses caused by them, as well as elimination of barriers to international trade of quarantined products
Модель фитосанитарного сертификата

Организации по карантину и защите растений

Кому: Организации(ям) по карантину и защите растений

I. Описание груза

Экспортер и его адрес
Заказанный получатель и его адрес
Количество мест и описание упаковки
Особые условия (маркировка)
Место происхождения
Заявленный способ транспортировки
Заявленный пункт ввоза
Наименование продукции и заявленное количество
Ботаническое название растений

Настоящим удостоверяется, что растения, растительные продукты или другие подкарантинные материалы, описанные выше, были обработаны и/или прошли проверку согласно соответствующими официальными процедурами и признаны свободными от карантинных вредных организмов, переносимых импортирующей договоряющейся стороной и ответственными за проведение фитосанитарных требований импортирующей страны, включая таковые и для регулируемых иностранных вредных организмов.
Они считаются свободными от других вредных организмов.
