

WSC Workshop on Conformity Assessment

Geneva, 1 & 2 December 2015

Conformity Assessment **Workshop** on **topics** **chosen** by **you**

The WSC Conformity
Assessment Workshop
is jointly organized
by the IEC (International
Electrotechnical
Commission),
ISO (the International
Organisation for Standards)
and ITU (the International
Telecommunications Union).

About the event

The Workshop aims to enhance awareness about global conformity assessment, in line with the relevant WSC terms of reference “to promote and increase the world-wide visibility of international consensus-based standardization and related conformity assessment matters”.

Through focused presentations, targeted exchanges between groups of participants and by building on the synergy of their combined expertise, the workshop aims to inform on and explore important international conformity assessment issues and return practical, relevant and usable feedback which will contribute to a path forward towards the resolution and understanding of those issues.

Date	1-2 December 2015
Time	Day 1 : full day Day 2 : half day
Location	Geneva, Switzerland (venue to be confirmed)

Attendees

It will bring IEC, ISO and ITU leaders and experts, regulators as well as other interested stakeholders to a single platform and offer a unique forum for discussion, debate and interaction on the most recent conformity assessment developments and common challenges.

Workshop topics

This unique forum offers you the opportunity to dialogue with leaders and experts in fields of great interest to you and to exchange opinions, ideas and experience with other participants who are facing or have already faced the same challenges as you.

The Workshop sessions are a formal opportunity to work on subjects of your choice. The Workshop topics will be defined according to the information you will provide in the Interest Survey (which accompanies this leaflet) and feedback collected on the event website. In the survey we suggest a number of topics for which we ask you to rate your level of interest or priority. We also provide space for you to propose other topics of most interest to you.

Event takeaways

- Copies of all the presentations
- Full access to documents & links
- Complete list of all speakers and attendees
- A workshop results package
(to be supplied after the workshop)

Registration

- Participation is free
- Registration will open in 2015
- Registration will be possible through the WSC website and the event website

Please be aware that given the limited number of places available, participation will primarily be awarded on a first-come-first-served basis.
