ECONOMIC COMMISSION FOR EUROPE

INLAND TRANSPORT COMMITTEE

World Forum for Harmonization of Vehicle Regulations (WP.29)

Working Party on Lighting and Light-Signalling (GRE)
(Fiftieth session, 7-11 April 2003,
agenda item 2.1.)

PROPOSAL FOR DRAFT AMENDMENTS TO REGULATION No. 3
(Retro-reflecting devices)

Transmitted by the expert from the Working Party "Brussels 1952" (GTB)

Note: The text reproduced below was prepared by the expert from GTB in order to align the provisions of Regulation No. 3 to paragraph 2.9.3. of Regulation No. 48. The suggested amendments to the Regulation are marked in bold characters.

Note: This document is distributed to the Experts on Lighting and Light-Signalling only.
A. PROPOSAL

Paragraph 3.1.1., amend to read:

"… geometrically the position(s) in which the retro-reflecting device may be fitted to the vehicle, in particular the limits of the illuminating surface used for the photometric measurement of the sample. The drawings must show …"

Annex 7, paragraph 2., amend to read:

"2. For photometric measurements, only the illuminating surface defined by the planes contiguous to the outermost parts of the optical system of the retro-reflecting device as indicated by the manufacturer and contained within a circle of …"

* * *

B. JUSTIFICATION

The amendment to paragraph 2.9.3. of Regulation No. 48 (Supplement 3 to the 02 series of amendments) introduced into the definition of the illuminating surface of a retro-reflector the reference to the declaration of this surface by the applicant during type approval of the device. Regulation No. 3 has to be amended to provide for this procedure.
