The text as well as the status of the Convention is available on the UN/ECE web site (www.unece.org/trans/new_tir/conventions/list.htm).

5. PROPOSALS FOR AMENDMENT OF THE CONVENTION

Contracting Parties to the Convention have been invited by the Executive Secretary of the UN/ECE to submit proposals for amendment of the Convention. Such proposals will be circulated when received before the session.

Preparation of a new annex on efficient border crossing procedures

The Administrative Committee, at its third session, had examined proposals for the insertion of new annexes to the Convention on (a) facilitation of the passage of ATP vehicles carrying perishable foodstuffs prepared by the UN/ECE Working Party on the Transport of Perishable Foodstuffs (WP.11) and (b) efficient border crossing procedures prepared by the International Road Transport Union (IRU) (TRANS/WP.30/AC.3/6, paras. 12-19).

Following preliminary discussions on the feasibility of such new annexes, based on further contributions made by TRANSFRIGORROUTE International and the International Road Transport Union (IRU) (TRANS/WP.30/1999/12; Informal document No. 6 (1999)), the secretariat, in accordance with the decisions of the UN/ECE Working Party on Customs Questions affecting Transport (TRANS/WP.30/186, paras. 14-17), convened an informal ad hoc group of experts (4-5 April 2000) which considered the key elements required for efficient border crossing procedures and prepared a first draft of a new Annex 8 to the Convention.

Considering the results of the expert group meeting (TRANS/WP.30/2000/11), the Working Party, at its ninety-fifth session, felt that, in principle, the draft provisions for a new Annex 8 to the Convention seemed to be acceptable, but required further studies by competent national authorities and technical experts before they could be considered and adopted by the Administrative Committee at its forthcoming session in October 2000. In order to make rapid progress in this matter, the Working Party decided to create an informal ad hoc group of technical experts to be convened by the UN/ECE secretariat within the next few weeks in order to consider the establishment of an International Technical Inspection Certificate for Lorries as well as an International Vehicle Weight Certificate, based on a draft prepared by the SECI Regional Road Transport Committee (TRANS/WP.30/190, paras. 8-12 and 48).

On 1 August 2000, the secretariat convened an ad hoc expert group on technical questions which focussed its work on the establishment of the International Vehicle Weight Certificate with a view to avoiding repetitive and time-consuming weighing procedures at border stations. On the basis of the results of this expert group meeting, the secretariat has prepared a new draft Annex 8 to the Convention for consideration by the Working Party at its forthcoming session (16-20 October 2000) and by the Administrative Committee (TRANS/WP.30/AC.3/2000/1).

The Administrative Committee may wish to consider the results of the expert group meetings relating to a new Annex 8 to the Convention (TRANS/WP.30/2000/11) and to the new International Vehicle Weight Certificate (TRANS/WP.30/AC.3/2000/1) and may wish to provide guidance for further activities in this field.

Relevant background information on this issue is contained in the following UN/ECE documents: TRANS/WP.30/1998/12; TRANS/WP.30/1998/10; TRANS/WP.30/1998/9.

6. PROPOSALS OTHER THAN AMENDMENTS TO THE CONVENTION

(a) Facilitation of border crossings in international rail transport

The Administrative Committee may wish to be informed of progress made in the implementation of the resolution adopted by the UN/ECE Inland Transport Committee on the reduction of border stopping time of shuttle trains in international traffic (maximum of 60 minutes, i.e. 30 minutes on each side of the border) (ECE/TRANS/128, paras. 71-73). The Administrative Committee may also wish to take note of progress made in this field in the framework of the Transport Infrastructure Development Group of the Southeast European Cooperative Initiative (SECI) (refer also to www.unece.org/seci/transp/transp_h.htm).

(b) Facilitation of border crossings in international road transport

The Administrative Committee may wish to be informed about the implementation of the Memorandum of Understanding (MoU) that had been prepared and signed by eleven Ministers of Transport of the States participating in the Southeast European Cooperative Initiative (SECI). This MoU on the facilitation of international road transport of goods stipulated *inter alia* that all Parties to the MoU should accede to the “Harmonization” Convention (refer also to www.unece.org/trans/new_tir/seci/intro.htm).

(c) Measures to facilitate the world-wide implementation of the Convention

The Administrative Committee may wish to continue its consideration on possible measures to facilitate the world-wide implementation of the Convention in line with resolution No. 230 adopted by the UN/ECE Inland Transport Committee on 4 February 1983 entitled “Technical assistance measures for the implementation of the International Convention on the Harmonization of Frontier Controls of Goods” (TRANS/WP.30/AC.3/6, paras. 22-25; TRANS/WP.30/AC.3/4, paras. 15-20; ECE/TRANS/53, annex 1).

7. OTHER BUSINESS

(a) Date of next session

In accordance with Annex 7, Article 4, sub-paragraphs (ii) and (iii) of the Convention, the Administrative Committee may wish to decide on the date for its next session.

(b) **Restriction on the distribution of documents**

The Administrative Committee may wish to decide whether there should be any restriction with respect to the distribution of documents issued in connection with its current session.

In accordance with Annex 7, Article 8 of the Convention, the Administrative Committee will adopt the report of its fourth session on the basis of a draft prepared by the UN/ECE secretariat.
