Economic Commission for Europe
Inland Transport Committee
Working Party on Customs Questions affecting Transport
149th session
Geneva, 12–14 June 2018
Item 3 (b) (iii) (b) of the provisional agenda
Customs Convention on the International Transport of Goods
under Cover of TIR Carnets (TIR Convention, 1975):
Revision of the Convention:
Draft Annex 11 to the TIR Convention

Other legal provisions

Note by the secretariat

I. Background and mandate

1. At its 149th session, the Working Party took note that the Office of Legal Affairs (OLA) – Treaty Section had informed the secretariat that it would not be possible to introduce the opt-out clause for Annex 11 by means of a reservation, as proposed in new Article 58, paragraph 1 bis, considering that the Vienna Convention on the Law of Treaties (1969) only allows reservations to legal instruments at the moment of accession and not later on. Taking this into account, the secretariat informed the Working Party that it would submit a new proposal, stipulating that Annex 11 would come into force by a certain deadline for all Contracting Parties, except for those that would notify the depositary, in writing, before that same or another deadline of their non-acceptance of the Annex. Most likely, the proposal would take the shape of amendments to the new Article 60 bis on the introduction and amendment procedure for Annex 11. These proposals would not materially impact the application of the provisions of Annex 11.

2. In this context, the delegation of the European Union proposed to review the decision-making mechanism as contained in Article 4 of draft Annex 11, possibly in combination with the introduction of a transitional period for Contracting Parties that (a) would accept Annex 11, but (b) not apply eTIR in the first phase. It its view, it seemed not correct to exclude this group of countries from the decision-making procedure as proposed in said Article 4. In reply, the secretariat proposed to consider introducing a clear
differentiation between the moment a Contracting Party would accept Annex 11 and the moment that it would start implementing the Annex (see ECE/TRANS/WP.30/296, paras. 23 and 24).

3. The Working Party requested the secretariat to prepare an amended version of the proposals related to the introduction of Annex 11, in particular, but not limited to, taking into account the considerations by OLA.

4. Further to this request, the secretariat prepared this document, which should be read and understood in consultation with document ECE/TRANS/WP.30/2018/4.
