Economic Commission for Europe

Inland Transport Committee

Working Party on Customs Questions affecting Transport

126th session
Geneva, 28 September – 1 October 2010
Item 9 (b) (ii) of the provisional agenda

Customs Convention on the International Transport of Goods
under Cover of TIR Carnets (TIR Convention, 1975): revision of the Convention

Amendment proposals for the Convention

Note by the secretariat

I. Background and mandate

1. The Working Party, at its 121st session, considered the outstanding amendment proposals to Annex 9 (part I and a new part III), as laid down in document ECE/TRANS/WP.30/2009/5. The Working Party endorsed in principle the proposals by European Union (EU) regarding Annex 9, part I, subject to the deletion of paragraph 3 (vi) and of the comment thereto.

2. The Working Party also had a first exchange of views with respect to the authorization and duties of an international organization, as proposed in a new part III of Annex 9. In particular, the Working Party discussed whether paragraph 1 (c) of part III should be redrafted to incorporate a mandate by the TIR Administrative Committee (AC.2) to UNECE to sign an agreement with an international organization which would include the acceptance of that international organization of its duties as set out in paragraph 2. The Working Party decided to revert to this issue at a future session. Having proposed other modifications to the text, the Working Party requested the secretariat to revise the document accordingly and to align, where necessary, the content with the already existing provisions of the TIR Convention. With a view to facilitating discussions at its next session, the Working Party invited delegations to submit to the secretariat not later than on 15 March 2009 comments or proposals to document ECE/TRANS/WP.30/2009/5 (ECE/TRANS/WP.30/242, para. 32).

3. At its 122nd session, the Working Party continued its consideration of the outstanding amendment proposals as contained in document ECE/TRANS/WP.30/2009/5 and endorsed in principle the proposals by EU regarding Annex 9, a new part III, subject to
the deletion of paragraphs 2 (xiv) and (xv) and a few other modifications. The Working 
Party also discussed how the criterion of sound financial standing of the international 
guaranteeing system, as set out in para. 1 (a) of the above document, could be verified. It 
was suggested that audits by an independent external auditor and/or by the United Nations 
Office of Internal Oversight Services (OIOS) or the United Nations Board of Auditors 
(BOA) be used for that purpose. The secretariat was requested to consult with the 
competent United Nations services and prepare proposals for consideration at the next 
session. The Working Party also invited delegations to submit to the secretariat not later 
than 15 July 2009 further comments or proposals to document ECE/TRANS/WP.30/2009/5.

4. At its 123rd session, the Working Party recalled its request to the secretariat to 
consult with the competent United Nations services and prepare proposals for audit 
requirements, to be included into a new Annex 9, Part III, and noted with regret that, due to 
ongoing internal consultations, the secretariat had not managed to finalize such proposals. 
At the same time, the Working Party recognized that only well-balanced and duly 
formulated audit requirements would provide the TIR system with the required 
transparency. Thus, it requested the secretariat to continue its consultations, on the 
understanding that an official document in all official languages would be available at its 
next session for consideration (ECE/TRANS/WP.30/246, para. 29).

5. In line with the above request, the secretariat, in consultation with the competent 
United Nations services, prepared this document which contains, in the Annex, proposals 
for a new Annex 9, Part III of the Convention, for consideration by the Working Party.

6. At its 124th session, the Working Party held its first deliberations on document 
ECE/TRANS/WP.30/2010/4, containing proposals for the introduction of a new Annex 9, 
Part III of the Convention on the authorization of an international organization to take on 
the responsibility for the effective organization and functioning of an international 
guarantee system and to print and distribute TIR Carnets. The Working Party took 
particular note of the audit provisions which had been introduced in the text in consultation 
with the competent United Nations services. The representative of the International Road 
Transport Union (IRU) pointed out that the issues of financial responsibility and 
confidentiality should be addressed in the framework of applicable national law. He also 
noted that the new amendment proposals would provide for numerous audits of an 
international organization and might create difficulties in the functioning of the guarantee 
system. In reply to concerns expressed by the IRU, the secretariat informed that the purpose 
of the newly introduced provisions was to ensure that the audit requirements encompass the 
full scope of the authorization granted by the Administrative Committee. The Working 
Party expressed its general support to the proposed text, but requested the secretariat to 
provide, at its next session, more details with regard to which persons other than the United 
Nations Office of Internal Oversight Services (OIOS) and the United Nations Board of 
Auditors (BOA) the international organization should allow access to its relevant records 
and accounts. The Working Party looked forward to the availability at the next session of 
the document in the three working languages in order to continue its discussions and, 
possibly, reach a final decision (ECE/TRANS/WP.30/248, para. 25).

7. At its 125th session, the Working Party considered updated amendment proposals 
for the introduction of a new Annex 9, Part III of the Convention on the organization of an 
international organization (ECE/TRANS/WP.30/2010/4/Rev.1). Following the request of 
WP.30 at its previous session, the secretariat clarified which persons others than OIOS and 
BOA could be authorized by the United Nations to audit an international organization, as 
mentioned in para. 3 (p) of the Annex. According to information provided by OIOS, the 
Secretary-General of the United Nations, the General Assembly or the UNECE Executive 
Secretary can nominate, in case of need, a special rapporteur to investigate an issue of
possible concern and to report back to the nominating body. For example, this is common practice for human right issues. In addition, this phrase is needed to avoid amending United Nations legal instruments in case of changes in the United Nations Rules and Regulations concerning audit.

8. The Working Party felt that subparagraph 1 (c) of the Annex should become a new item of paragraph 3. The secretariat was requested to update the document accordingly and to correct references where required (ECE/TRANS/WP.30/250, paras. 20-22).

9. In line with the above, the secretariat prepared document ECE/TRANS/WP.30/2010/4/Rev.2 for consideration by the Working Party.
Annex 1

Article 6.2bis

2.bis An international organization shall be authorized by the Administrative Committee to take on responsibility for the effective organization and functioning of an international guarantee system. Conditions and requirements

1. The conditions and requirements to be complied with by an international organization in order to be authorized, in accordance with Article 6.2bis of the Convention, by the Administrative Committee to take on the responsibility for the effective organization and functioning of an international guarantee system and to print and distribute TIR Carnets are:

(a) Proof of sound professional competence and financial standing for the effective organization and functioning of an international guarantee system and the organizational capabilities to fulfill its obligations under the Convention by means of annual submission of consolidated financial statements duly audited by internationally recognized independent auditors;

(b) Absence of serious or repeated offences against Customs or tax legislation;

(c) Establishment of a written agreement between the organization and the United Nations Economic Commission for Europe secretariat, mandated by and acting on behalf of the Administrative Committee, including the acceptance by the international organization of its duties as set out in paragraph 3 of this Article.

1 The modifications to document ECE/TRANS/WP.30/2010/4/Rev.1 are marked in strikethrough for deleted and in bold for new text.

2 The secretariat proposes to reinsert this provision, which has been deleted from the package of amendment proposals contained in document ECE/TRANS/WP.30/2009/4-ECE/TRANS/WP.30/AC.2/2009/3 and Corrs. 1, 2 and 3 thereto following a decision by the Administrative Committee at its forty-eighth session (ECE/TRANS/WP.30/AC.2/99, para. 21).

3 At its 121st session, WP.30 endorsed amendment proposals, including a proposal to introduce a new Article 1 (r) to the Convention, to read “the term “international organization” shall mean an organization authorized by the Administrative Committee to take on responsibility for the effective organization and functioning of an international guarantee system.”
2. The Administrative Committee shall have the right to revoke the authorization granted in accordance with Article 6.2bis in case of non-compliance with these conditions and requirements. Should the Administrative Committee decide to revoke the authorization, the decision will become effective at the earliest six (6) months after the date of revocation.

3. Under the conditions and requirements of the authorization, the international organization shall:

   (a) provide the Contracting Parties of the TIR Convention via the national associations affiliated to the international organization with certified copies of the global guarantee contract and proof of guarantee coverage;

   (b) provide the competent bodies of the TIR Convention with information on the rules and procedures set out for the issue of TIR Carnets by national associations;

   (c) provide the competent bodies of the TIR Convention, on a yearly basis, with data on claims lodged, pending, paid or settled without payment;

   (d) provide the competent bodies of the TIR Convention with timely and well founded information on trends in the number of non-terminated TIR operations, claims lodged, pending, paid or settled without payment that might give rise to concerns with regard to the proper functioning of the TIR system or that could lead to difficulties for the continued operation of its international guarantee system;

   (e) provide the competent bodies of the TIR Convention with statistical data on the number of TIR Carnets distributed to each Contracting Party, broken down by type;

   (f) provide, at the request of the Administrative Committee for the TIR Convention or the TIR Executive Board, full and complete information on the functioning of the TIR system;

   (g) provide the TIR Executive Board with details of the distribution price by the international organization of each type of TIR Carnet;

   (h) take all possible steps to reduce the risk of counterfeiting TIR Carnets;

   (j) take the appropriate corrective action in cases where faults or deficiencies with the TIR Carnet have been detected and report to the TIR Executive Board;

   (k) fully participate in cases where the TIR Executive Board is called upon to facilitate the settlement of disputes;

   (l) ensure that any problem involving fraudulent activities or other difficulties with regard to the application of the TIR Convention is immediately brought to the attention of the TIR Executive Board;

   (m) manage the control system for TIR Carnets, provided for in Annex 10 of the Convention, together with national guaranteeing associations affiliated to the international organization and the Customs authorities and to inform the Contracting Parties and the competent bodies of the Convention of problems encountered in the system;

---

4 The provisions of Article 3 are based on the international organization’s responsibilities as contained in the UNECE/IRU agreement, latest version being ECE/TRANS/WP.30/AC.2/2007/14 but which has been reworded and amended by the secretariat in order to reflect their legal status within the context of the TIR Convention as an international legal instrument.

5 The Working Party may wish to clarify the difference between subparagraphs (d) and (f) of this Article, if any.
(n) provide the competent bodies of the TIR Convention with statistics and data on the performance of Contracting Parties with regard to the control system provided for in Annex 10;

(o) maintain separate records and accounts containing information and documentation which pertain to the organization and functioning of an international guarantee system and the printing and distribution of TIR Carnets;

(p) allow access to the above records and accounts to the United Nations Office of Internal Oversight Services (OIOS), the United Nations Board of Auditors (BOA) or other persons duly authorized by the United Nations and at all times facilitate inspections and audits performed by them;

(q) engage an independent external auditor to conduct annual audits of the above records and accounts. Guidelines and terms of reference for the external audit shall be adopted by the Administrative Committee. The external audit shall be performed in accordance with International Standards on Auditing (ISA) and shall result in an annual audit report and a management letter, issued by the independent external auditor to the Administrative Committee, with copies sent directly to the Executive Secretary of the United Nations Economic Commission for Europe and the international organization concerned;

(r) conclude a written agreement with the United Nations Economic Commission for Europe secretariat, mandated by and acting on behalf of the Administrative Committee, which shall include the acceptance by the international organization of its duties set out in this paragraph.

4. When the international organization is informed by a guaranteeing association of a claim for payment, it shall, within a period of three (3) months, as prescribed by Article 11, paragraph 4 of the Convention, inform the guaranteeing association of its position concerning the claim.

5. The authorization of an international organization under the terms set out above shall be without prejudice to that organization’s responsibilities and liabilities under the Convention.
