### 4. Customs Convention on the International Transport of Goods under Cover of TIR Carnets (TIR Convention, 1975)

#### (a) Status of the Convention

The Working Party will be informed about any further changes in the status of the Convention and in the number of Contracting Parties. In particular, the Working Party may wish to take note that the proposals to amend Annex 1, Annex 6 as well as Annex 9 Part I, paragraph 3 (vi) of the Convention entered into force on 1 January 2015 for all Contracting Parties (C.N.426.2014.TREATIES-XI.A.16). More detailed information on these issues as well as on various depositary notifications is available on the TIR website.<sup>3</sup>

#### (b) Revision of the Convention

##### (i) Amendment proposals to the Convention

At its previous session, the Working Party held first considerations of document ECE/TRANS/WP.30/2014/17, transmitted by the Government of the Russian Federation, on proposals to amend the TIR Convention. The main aim of these proposals, in the view of the Russian Federation, is to (a) strengthen the control function of AC.2; (b) provide more transparency in the functioning of the international guarantee system; (c) offer immediate and full compensation in case of losses to the state budget; and (d) reform the TIR Executive Board. The Working Party also took note of Informal document WP.30 (2014) No. 11 by IRU which supported these proposals. The Working Party may

wish to discuss proposals transmitted by the Government of the Russian Federation as well as any other comments on the various amendment proposals received by the secretariat.

The Working Party is invited to consider document ECE/TRANS/WP.30/2014/17, transmitted by the Government of the Russian Federation, as well as ECE/TRANS/WP.30/2015/1, containing comments to these amendment proposals by other Contracting Parties.

Furthermore, the Working Party decided to consider a broader package of measures to modernize the TIR Convention and asked the secretariat to prepare a comprehensive document on all outstanding proposals for amendments to the Convention, including issues that have been discussed but on which decisions have not yet been taken. It was also agreed that this document should prioritize proposals with a tentative timeline for completion of their consideration. The Working Party is invited to consider document ECE/TRANS/WP.30/2015/2, which contains information on outstanding proposals.

The Working Party is invited to endorse the report of the Informal Ad hoc Expert Group on Conceptual and Technical Aspects of Computerization of the TIR Procedure (GE.1) on its twenty-fourth session (ECE/TRANS/WP.30/2015/3).

At its previous session, the Working Party took note of Informal document GE.1 Nos. 4 and 5 (2014) on, respectively, version 4.1a of the eTIR Reference Model and a preliminary summary of GE.1 activities and results as well as recommendations on how to pursue the computerization process from a technical perspective. The Working Party is invited to consider and endorse eTIR Reference model (ECE/TRANS/WP.30/2011/4/Rev.1) and the summary of GE.1 activities (ECE/TRANS/WP.30/2015/4).

The Working Party will be informed about:

(a) progress in developing the Terms of Reference (ToR) of the Pilot Project between Italy and Turkey which has yet to be signed, though both countries have agreed to continue the project;

(b) the UNECE/IRU eTIR Pilot Project between Iran (Islamic Republic of) and Turkey as pilot countries; and

(c) progress in implementing the United Nations Development Account project: “Strengthening the capacities of developing countries and countries with economies in transition to facilitate legitimate border crossing, regional cooperation and integration”, and the first interregional Expert Group meeting for this project which took place (8 December 2014, Geneva).

The Working Party may wish to endorse the Terms of Reference (ToR) and tentative timeframe of the Group of Experts on Legal Aspects of the Computerization of the TIR Procedure as outlined in document ECE/TRANS/WP.30/2014/14.

**(iii) Amendment proposal to the Convention: Use of the TIR procedure in a Customs Union with a single Customs territory**

At its previous session, after extensive discussions, the Working Party recalled its decision to continue considering the implementation of the TIR procedure in a Customs Union with a single customs territory (see ECE/TRANS/WP.30/276, para. 28). Thus, the Working Party is invited to reconsider document ECE/TRANS/WP.30/2013/9.

ECE/TRANS/WP.30/2013/9

**(iv) Amendment proposals to the Convention: Audit requirements for an authorized international organization**

At the request of the Working Party, the secretariat reproduces Informal document WP.30 (2014) No. 13 as an official document ECE/TRANS/WP.30/2015/5 in the three working languages. The Working Party may wish to consider this document which contains the result of consultations between UNECE and IRU secretariats on the wording of the possible new provisions (o), (p) and (q) to Annex 9, Part III of the Convention. The document also lists the documents which were submitted by IRU to fulfil its obligations under Annex 9, Part III. The Working Party may recall that the TIRExB requested UNECE to seek advice from the United Nations Office for Internal Oversight Services (OIOS) to establish if the documents (i.e. the list), which should be regularly submitted by IRU, fully reflects the legal requirements of the Convention and if it provides a sufficient basis to ensure an appropriate and adequate level of audit of the authorized international organization.

The Working Party will be informed by the secretariat about the advice of OIOS, if any.

**Documentation**

ECE/TRANS/WP.30/2015/5

**(c) Application of the Convention**

**(i) New developments in the application of the Convention**

The Working Party may wish to recall its extensive discussions, at previous sessions, on the measures introduced by the national competent authorities that affected the implementation of the TIR procedure (ECE/TRANS/WP.30/270, paras. 19–30, ECE/TRANS/WP.30/272, paras. 37–43, ECE/TRANS/WP.30/274, paras. 26–30, ECE/TRANS/WP.30/276, paras. 13–19).

The Working Party will be informed about new developments, if any, (ECE/TRANS/WP.30/2015/6) and, on this basis, may wish to continue its considerations of this issue.

**Documentation**

ECE/TRANS/WP.30/2015/6

**(ii) Increase in the number of loading and unloading places**

The Working Party may wish to recall that, at its previous session, the delegation of Turkey reiterated its continued attempts to seek a decision from the Working Party about an increase in the number of places of loading and unloading because of the advantages of these proposals for the road transport industry. At that session, some delegations expressed support for the optional introduction of an increased number of places for loading and unloading and a more flexible application of the TIR Convention. The delegation of the EU

reiterated that it does not see the immediate need to introduce such an option into the Convention. Consensus was not attained on this question and the Working Party decided to return to this issue at its next session.

The Working Party may wish to resume its discussions on the issues at stake.

**(iii) TIR-related electronic data interchange systems**

The Working Party will be informed by IRU about the latest statistical data on the performance of Contracting Parties in the control system for TIR Carnets — SafeTIR system.

Under this agenda item, delegations are also invited to report on the functioning of various national and international TIR-related electronic data interchange (EDI) systems.

**(iv) Settlement of claims for payments**

The Working Party may wish to be informed by customs authorities and IRU about the current situation on the settlement of claims for payments made by customs authorities against national guaranteeing associations.

**(v) Other matters**

The Working Party may wish to consider any other issues and difficulties in the application of the Convention faced by customs authorities, national associations, the international insurers or the IRU.

## **5. Terms of Reference and Rules of Procedure of the Working Party**

At its previous session the Working Party considered document ECE/TRANS/WP.30/2014/11 on the status of non-ECE Contracting Parties in ITC subsidiary bodies. The document reflected the views expressed so far within ITC and the Working Party and drew parallels to the questions currently under discussion with regard to the establishment of Terms of Reference and Rules of Procedure of the Working Party. Considering that different opinions were expressed on granting full participation rights to non-ECE countries which are Contracting Parties to the Conventions under the purview of WP.30, the Working Party decided to revert to this issue at the current session and requested the secretariat to prepare a document with proposals to amend its ToR and, possibly, its Rules of Procedure (see ECE/TRANS/WP.30/276, para. 40).

Further to this request, the secretariat prepared document ECE/TRANS/WP.30/2015/7, for consideration by the Working Party.
