ECONOMIC COMMISSION FOR EUROPE

INLAND TRANSPORT COMMITTEE

Working Party on Customs Questions affecting Transport
(One-hundred-and-eleventh session, 4 – 7 October 2005,
agenda item 7 (b) (ii))

**CUSTOMS CONVENTION ON THE INTERNATIONAL TRANSPORT
OF GOODS UNDER COVER OF TIR CARNETS (TIR CONVENTION 1975)**

Revision of the Convention

Proposed correction to document TRANS/WP.30/2005/14

Transmitted by the International Road Transport Union (IRU)

In case the WP.30 would consider endorsing the draft summary report of the seventh session of the Informal Ad hoc Expert Group on Conceptual and Technical Aspects of Computerization of the TIR Procedure, held in Geneva 26 and 27 May 2005, the IRU proposes the following wording substituting the first sentence of point 15:

15. “The Expert Group welcomed the secretariat’s presentation explaining the over-arching principles of a possible fully computerized eTIR system which had led to the high level description laid down in document ExG/COMP/2004/23, *even if part of the visions presented in the document was disputed.*”
