DEVELOPMENT OF PROVISIONS FOR THE TRANSPORT OF GAS

Applications for consultative status

The secretariat has received applications for consultative status with the Committee and Sub-Committee of experts on the Transport of Dangerous Goods from the following two non-governmental organisations:

- Compressed Gas Association, Inc. (CGA)
- European Cylinder Makers Association (ECMA)

Both organisations have provided the secretariat with comprehensive documentation on their purposes, programs and activities at international level, membership, statutes, etc., in accordance with ECOSOC resolution 1996/31.

This documentation may be consulted if deemed necessary.
