

**Working Party on the Transport of  
Dangerous Goods**

(Seventieth session,  
Geneva, 13-17 May 2002)

**INF.27**

**Modification of Trans/WP/2002/16  
Proposal to refer to EN standards in chapter 6.8 of the ADR**

**Transmitted by the European Committee for Standardisation (CEN)**

In Trans/WP/2002/16, CEN proposes to refer in ADR to two CEN standards that have been published in 2000 and 2001.

CEN wishes to modify the proposed reference to EN 12493:2001 as indicated in bold letters in the box "Applicable sections" in the table underneath.

This modification is necessary because the CEN proposal (INF.11) to the Joint Meeting in order to modify 6.8.2.1.17 was not adopted at the last Joint Meeting.

By excluding that paragraph from the list of applicable sections for EN 12493:2001, manufacturers of LPG tank-vehicle using the standard may not claim compliance to the requirements of this paragraph that therefore remains to be satisfied in full.

<b>DOC. Reference</b>	<b>Title of Document</b>	<b>Applicable sections</b>
EN 12252:2000	Equipping of LPG road tankers	6.8.3.2
EN 12493: 2001 (except Annex C)	Design and manufacture of welded steel tanks for LPG road tankers	6.8.2.1 ( <b>with the exception of 6.8.2.1.17</b> ); 6.8.2.4.1(with the exclusion of the leakproofness test); 6.8.2.5.1, 6.8.3.1 and 6.8.3.5.1
