ECONOMIC COMMISSION FOR EUROPE

INLAND TRANSPORT COMMITTEE

Working Party on Rail Transport
(Fifty-eighth session, 27-29 October 2004, agenda item 8)

INTEROPERABILITY OF CONVENTIONAL RAIL SYSTEMS

Transmitted by the European Commission (EC)

In 2003 the Committee, established under Art. 21 of the Directive 2001/16/CE, adopted a document defining the rail system architecture (Art. 23 of Directive 2001/16/CE) and a document defining the “draft reference system” (national or international rules and standards which are applicable until the TSIs are approved) (Art. 25 of Directive. 2001/16/CE).
