Note by the secretariat

The informal small group composed of France (Chair), Switzerland, the International Road Safety Organization (PRI) and the secretariat made an in-depth examination of the structure presented in document TRANS/WP.1/2004/10 and considered that certain points needed to be improved in order to make it more relevant, more legible and more attractive. For example, the order of some chapters was changed, others were divided, expanded, added or deleted.

The proposed revised structure for the new R.E.1 can be found below.
