ECONOMIC COMMISSION FOR EUROPE

INLAND TRANSPORT COMMITTEE

Working Party on the Transport of Dangerous Goods
(Seventy-eighth session, agenda item 5,
Geneva, 9-13 May 2005)

PROPOSALS FOR AMENDMENTS TO ANNEXES A AND B OF ADR

Chapter 9.2

Combustion heaters

Transmitted by the Government of France

SUMMARY

Executive summary: The intention of this proposal is to introduce the evolution of Directive 2001/56/EC, amended by Directive 2004/78/EC, with reference to combustion heaters using liquefied petroleum gas (LPG).

Action to be taken: Amendment of 9.2.4.7.1.

When the Working Party agreed to introduce into 9.2.4.7.1 a reference to the requirements of Directive 2001/56/EC concerning the heating of the passenger compartment of vehicles, it was specified that annex VIII concerning safety requirements for LPG-fuelled heating systems was still to be completed.

This annex is now available. It was introduced in Commission Directive 2004/78/EC of 29 April 2004.

In order to take this development into account, we propose that Chapter 9.2 should be amended as follows:

Proposal

In **9.2.4.7.1**, after “of Directive 2001/56/EC” add “, as amended,”.

Safety, feasibility, enforceability: no problem.
