PROPOSAL FOR DRAFT AMENDMENT TO REGULATION No. 13H
(Braking)

Transmitted by the expert from Germany

A. PROPOSAL

Paragraph 5.1.3., amend to read:

"5.1.3 … type approval testing of the braking system.

The requirements of annex 8 are deemed to be fulfilled if the complex electronic control systems regarding brakes are already type approved according Regulation xxx."

* * *

B. JUSTIFICATION

The purpose of this amendment is to avoid double type approval activities, if a complex electronic control system among others for brakes is already type approved according the draft of a new regulation on complex electronic control systems affecting the direct vehicle control by the driver (TRANS/WP.29/GRRF/2003/27).
