

Draft GTR on Identification of Controls, Tell-Tales and Indicators

(Reference document – Informal Doc. GRSG-87-25
OICA comments on Document TRANS/WP.29/GRSG/2004/16)

Transmitted by the expert from India

1. No. 41: Selector switch of Bi-fuel vehicle :

In India's proposal , symbols used are as per ISO2575-2000(E)/Amd.1-2001(E). Lay out for these symbols is an example. Shape, dimensions and layout etc shall be as applicable for symbols for other controls, tell-tale and indicators in GTR. The need is for identification of the control (Fuel Selector Switch)

2. No. 42: Fuel level :

Symbols for CNG / LPG fuel level tell-tale are according to ISO-2575-2000/Amd.1-2001(E) Annex Z- Special signs – Symbol No. Z-4 and Z-5 respectively.

As mentioned by OICA, if similar symbols without circle is in discussion within ISO for these purpose , we agree to OICA's suggestion to wait for the ISO results before amending the draft GTR
