**ECONOMIC COMMISSION FOR EUROPE**

**INLAND TRANSPORT COMMITTEE**

Working Party on Inland Water Transport

Fiftieth session

Geneva, 11-13 October 2006

Item 10 of the provisional agenda

**IMPLEMENTATION OF CONVENTIONS AND APPLICATION  
OF RESOLUTIONS RELATING TO INLAND NAVIGATION**

Status of international conventions and agreements on inland navigation issues

Note by the secretariat

It is recalled that the Inland Transport Committee, at its sixty-eighth session, noted that 21 new accessions to UNECE transport Agreements and Conventions had been registered in 2005 and invited countries which have not yet done so, to become Contracting Parties to the legal instruments (ECE/TRANS/166, para. 28).

The secretariat reproduces below the current status of legal instruments on inland navigation questions, adopted both within and outside UNECE, as well as the progress in a number of their Contracting Parties since the Rotterdam Conference in 2001.

The Working Party may wish to take note of the status of the instruments and decide on possible ways to proceed with regard to some of them which for one reason or another so far have not yet entered into force or have limited number of Contracting States. The Working Party may also wish to note that the text of all UNECE legal instruments on inland navigation issues may be found at the website of SC.3: [http://www.unece.org/trans/conventn/sc3\\_legalinst.html](http://www.unece.org/trans/conventn/sc3_legalinst.html).
